CONTENTS: _____ GALS.

DIRECTIONS

For disinfecting use a solution prepared by mixing 2 ounces of the disinfectant with one gallon of water. Remove all dirt prior to application of the disinfectant. At this dilution, the disinfectant will be suitable for disinfecting floors, dishes, urinals, toilets, garbage pails, kennels, etc. Rinse all dishes and or food utensils with potable water before reuse.

For general cleaning and deodorizing add ¼ ounce of disinfectant per gallon of water. At this dilution the solution is suitable for floors, walls, sinks, etc.

CAUTION: Disinfectant Pine Odor Type Cleaner is not suitable for use on humans for antiseptic or germicidal properties. If the disinfectant contacts skin or eyes, wash with copious quantities of water. Do not take internally. Do not contaminate food products. Harmful if swallowed.

KEEP FROM FREEZING
