PEST CONTROL

DIRECTIONS FOR USE

NOTICE: READ ENTIRE LABEL CAREFULLY. USE IN STRICT ACCORDANCE WITH CAUTIONS AND DIRECTIONS. BUYER ASSUMES ALL RESPONSIBILITIES FOR SAFETY AND USE. NOT IN ACCORDANCE WITH CAUTIONS AND DIRECTIONS.

ALWAYS SHAKE OR MIX WELL BEFORE USING.

ALWAYS TEST SPRAY A SMALL INCONSPICUOUS SPOT FOR COLOR FASTNESS BEFORE SPRAYING CARPET OR FABRIC.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink one to two glasses of water and induce vomiting by touching the back of throat with finger. Repeat until vomit fluid is clear. Call a physician immediately. (DO NOT INDUCE VOMITING OR GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON.) **IF INHALED:** Remove victim to fresh air. Apply respiration if indicated. **IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water. **IF IN EYES:** Flush eyes for at least 15 minutes with water. CALL A PHYSICIAN IF IRRITATION PERSISTS.

NOTE TO PHYSICIAN: CHLORPYRIFOS is a cholinesterase inhibitor. Treat symptomatically. ATROPINE only by injection is an antidote.

EPA Reg. No. 9172-7 EPA Est. No. 9172-TX-1

Mr. SCOTT Says
YOU SPRAY. YOU SAVE

Not Reviewed. Registrant claims to be in accordance with all applicable Federal, State and Local Laws and Regulations.

MR. SCOTT'S PEST CONTROL is formulated to be applied to surfaces inside and outside your home to create a chemical barrier that insects must cross to reach food or water. **FIRST TREAT THE INSIDE OF YOUR HOME TO KILL ROACHES, ANTS, WATERBUGS, SPIDERS, SILVERFISH, BROWN DOG TICKS, EARWIGS, CRICKETS, AND FLEAS. START WITH THE KITCHEN:** Spray all baseboards, under the sink, behind and under all large appliances. Spray cabinets, window frames and wall area around drain board. (BE VERY CAREFUL NOT TO CONTAMINATE FOOD, WATER, DISHES OR UTENSILS.) Spray cracks and crevices where insects may hide. **NEXT, TREAT THE BATHROOM:** Spray baseboards and window frame and under lavatory. (DO NOT CONTAMINATE CLOTHING OR LINEN.) **THEN TREAT THE BEDROOMS AND CLOSETS:** Spray baseboards and window frames. Spray door frame and baseboards in closets. Remove drawers from chests and spray inside chests. (DO NOT SPRAY CLOTHING.) **FOLLOW BY TREATING THE LIVING ROOM:** Spray baseboards, window frames and the base of the door to the outside. **FINISH WITH THE GARAGE:** Spray the base of the walls, along the floor near the walls, behind and under all large appliances or heavy objects and the entire area beneath the garage door. **NOW TREAT THE OUTSIDE OF YOUR HOME TO KILL WATERBUGS, ANTS, SPIDERS, EARWIGS, CRICKETS, GRASSHOPPERS AND FLEAS:** Spray around the front and back doors, around all window frames and patio doors, under the eaves, along the foundation and other areas where these insects may live or crawl. **FLIES:** Spray all garbage and trash cans thoroughly. **FLEAS AND BROWN DOG TICKS:** Spray infested area thoroughly including area where pet sleeps. Replace old bedding with fresh bedding after treatment. (DO NOT SPRAY PETS OR ANIMALS OR THEIR FOOD OR WATER.) To control the source of flea infestation, pets inhabiting the treated premises should be treated with a product registered for application to animals. **ANTS:** Thoroughly wet hills and runways.

in swallows, inhaled or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly after use. Provide adequate ventilation of area being treated. Do not carry open container in passenger area of car. Do not use in area occupied by persons with allergies. Should allergic symptoms occur, discontinue use, remove affected person from treated area and consult a physician AT ONCE. Do not allow children or pets in treated areas until surfaces are dry. Remove birds and cover fish bowls before spraying. Do not contaminate feed, food, water, dishes, utensils or clothing. Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Do not apply to hot surfaces such as radiators, ovens or dryers. Do not spray conduits, motor housings, junctions and switch boxes or other electrical equipment because of possible shock hazard. Avoid excessive wetting of asphalt tile or siding, rubber and plastic materials. To prevent sprayer from siphoning, always replace original cap after using. **ENVIRONMENTAL HAZARDS:** This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on the label. This product is highly toxic to bees exposed to direct treatment or residues on plants. Protective information may be obtained from your Cooperative Agricultural Extension Service.

DISPOSAL: DO NOT REUSE EMPTY CONTAINER. RINSE THOROUGHLY BEFORE DISCARDING IN TRASH.
