FEEDS 5,000 SQUARE FEET

APPROXIMATE SPREADER SETTINGS:

	Normal Feed 5,000 Sq. Ft.
JACKSON	5
SEARS	5
SCOTTS	5
CYCLONE	3

DIRECTIONS FOR USE

1. Spread the content of this bag over 5000 sq. ft. of lawn area.
2. Kills most broadleaf weeds such as dandelions, plantain, buckhorn, pigweed, ragweed and smartweed. Also gives the lawn a complete fertilization.
3. For the best results apply when Temperatures are 70° F or higher. Apply when dandelions bloom and in Summer when weeds are prevalent. Apply when weeds are young and actively growing.
4. Apply when grass is wet from dew, rain or sprinkling.
5. Do not apply on new lawns until grass has been mowed several times.
6. Allow grass to grow for one week prior to application so that broadleaf weeds will be large. Do not mow for several days after application to allow time for action of the 2,4-D. Some discoloration of lawn grasses may occur but will quickly recover.
7. Do not reuse container. Destroy by burying in a safe place. Do not burn.
8. Application to Bentgrass, St. Augustine, Dichondra or Clover lawns may cause injury.

CAUTION

Harmful if swallowed. Avoid contact with skin, eyes or clothing. Do not contaminate feed, foodstuff or ponds. Do not store near seed, fertilizer, insecticides or fungicides. Keep out of reach of children. Avoid drift of dust to nearby susceptible plants. Wash thoroughly after using. Avoid breathing dust. Vapors from this product may injure susceptible plants in the immediate vicinity.

NOTICE: If not used as directed seller makes no warranty, expressed or implied, concerning the use of this product. User must assume all risk of loss or damage arising from use, handling and the effects thereof.

DIRECTIONS FOR USE

1. Spread the content of this bag over 5000 sq. ft. of lawn area.
2. Kills most broadleaf weeds such as dandelions, plantain, buckhorn, pigweed, rag weed and smartweed. Also gives the lawn a complete fertilization.
3. For the best results apply when temperatures are 70° F or higher. Apply when dandelions bloom and in summer when weeds are prevalent. Apply when weeds are young and actively growing.
4. Apply when grass is wet from dew, rain or sprinkling.
5. Do not apply on new lawns until grass has been mowed several times.
6. Allow grass to grow for one week prior to application so that broadleaf weeds will germinate. Do not mow for 24 hours after application to allow for interaction of the 2,4-D. Some discoloration of lawn grass may occur but will be only temporary.
7. Do not reuse container. Destroy by burning in a safe place. Do not burn.
8. Application to Bentonia, St. Augustine, Dichondra or Clover lawns may cause injury.

CAUTION

Harmful if swallowed. Avoid contact with skin, eyes or clothing. Do not contaminate food, feed, water, or other articles. Do not use in seed, fertilizer, or other articles. Keep out of reach of children. Avoid dust of dust to the air. Use only when there are no children in the area. Wash hands after use. Do not use if product is more than 2 years old.

NOTICE: This product is not intended for use on lawns that are being prepared for seed or are being prepared for seed. It is not intended for use on lawns that are being prepared for seed or are being prepared for seed.
