HERBICIDE

Active Ingredients:

Dimethyl Tetrachloroterephthalate* 5.50%

Inert ingredients 94.50%

Total 100.00%

*Use as a pre-emergence herbicide patented under U.S. Pat. No. 2,923,634

CAUTION: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contact with eyes. Avoid breathing dust. Do not contaminate feed and foodstuffs. Wash thoroughly after handling or using. Do not re-use container. Do not store near seed, fertilizer, or other herbicides. Do not contaminate water used for irrigation or domestic purposes.

Applications: Apply at the rate of 40 lbs. per 8,000 square feet, or the equivalent of 12 lbs. actual Dacthal per acre. At this rate, this product will control smooth and hairy crabgrass, green and yellow foxtail, lovegrass, witchgrass, carpetweed, common chickweed, lambsquarter, purslane, and Florida pussley. Apply this product prior to germination of crabgrass seeds. In the northern states, this would be during the period of early spring thru April 30.

Do not apply to bentgrass or dichondra. Do not apply to newly seeded areas. Do not reseed within 50 days after application.

Container Disposal: Do not reuse empty container. Destroy it by burying with waste or burning. Stay away from smoke or fumes.

NOTICE: This product is designed and packaged exclusively for sale and application by professional turf maintenance personnel.
