DIRECTIONS FOR USE

For use on golf courses, lawns, and other areas where a smooth, green, and healthy turf is desired.

Apply to the turf surface in the early morning or late afternoon. Do not apply if the temperature is above 85°F or if there is a heavy dew or rain forecast within 24 hours.

Apply 1.0 lb. of product per 1000 sq. ft. of turf. Spread the product evenly over the surface of the turf. Water the turf thoroughly after application.

Do not apply to wet turf. Do not apply to turf that has been recently fertilized or treated with other chemicals.

Do not apply to turf that is dormant or dead.

Do not apply to turf that is being prepared for seed.

Do not apply to turf that is being prepared for sod.

Do not apply to turf that is being prepared for transplant.

Do not apply to turf that is being prepared for renovation.

Do not apply to turf that is being prepared for repair.

Do not apply to turf that is being prepared for maintenance.

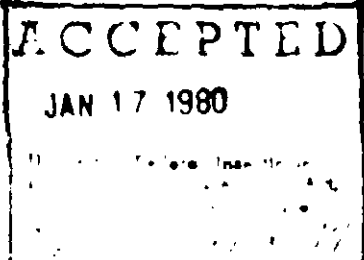

Do not apply to turf that is being prepared for other purposes.
