PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

Avoid contact with clothing, skin or eyes. Avoid breathing dust. Wash thoroughly after handling. Avoid contamination of feed or foodstuffs. Do Not Hand Spread.

ENVIRONMENTAL HAZARDS

Keep out of lakes, streams or ponds. Do not apply when weather conditions favor drift from target area. Do not contaminate water by cleaning of equipment or disposal of waste.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling

WHEN TO APPLY

Use anytime weeds are actively growing and temperature is above 60°. Control is slower if weather is cool. Application in Spring and Fall provide most effective kill. Apply when lawn is wet from rain, dew or sprinkling. On newly seeded areas, wait until grass has been cut two or three times. Delay planting new grass for at least 3 weeks as 2, 4 D may temporarily inhibit seed germination or plant growth. Do not apply when turf is under stress from heat, moisture or drought. Do not over or under apply.

HOW TO APPLY

Apply evenly over entire lawn area at the rate of 1/4 lb per 1000 sq ft. Use the suggested spreader settings as a guide being sure to check your spreader at the beginning of the application. Age and condition of spreader will affect application. Adjust your spreader if necessary. Be sure to shut off spreader while turning or stopping to prevent accidental over application and burning of grass. Fill spreader on driveway or sidewalk to eliminate chance of spillage on grass. Do not hand spread. Rain, sprinkling or mowing within 24 hours may reduce effectiveness. Wait at least two weeks before making a second application.

IMPORTANT

Drift of dust or vapors may cause injury to nearby susceptible plants such as vegetables, flowers, fruit trees and ornamentals. Avoid contact with flower beds or shrubs. If accidentally deposited on flowers or shrubs hose off immediately. Do not use on crops that will be used for food or forage purposes. Do not graze animals on treated areas. Do not contaminate water used for irrigation or domestic purposes.

SUGGESTED SPREADER SETTINGS

Gro Well Drop	4 1/2 B	Gro Well Broadcast	E 1/4 G 1/2
Cyclone R1 84	4 5	Lely Type W	5 1/4
Scotts Drop PF2	4 1/2 B	Scotts Broadcast 021M	E 1/4 G 1/2
Scotts Professional Broadcast R 7X		D 1/4 F	

NOTE: Above spreader settings are approximate. Differences may occur due to condition of spreader, speed at which applied and roughness of area treated. Calculate the size of area to be treated and do not over or under apply. Close spreader when filling, stopping or turning. DO NOT HAND SPREAD.

STORAGE & DISPOSAL

Do not store near feed, foodstuffs, seeds, fertilizer, insecticides or fungicides. Store in a dry place. Securely wrap original container in several layers of newspaper and discard in trash. Do not reuse bag. Discard bag in trash.
