DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.

WEED CONTROL

2,4-D for Control of Broadleaf Plantain, Buckhorn Plantain, Dandelion, Pursiane, Pigweed and Smartweed. For Use on Turf except Desirable Clovers, Bent, St. Augustine, Dichondra and Carpet Grass.

WHEN TO APPLY

Use anytime weeds are actively growing and temperature is above 60 degrees F. Control is slower if weather is cool. Applications in Spring and Fall provide most effective kill. Apply when lawn is wet from rain, dew or sprinkling. On newly seeded areas, wait until grass has been cut two or three times. Delay planting new grass for at least 3 weeks as 2,4-D may temporarily inhibit seed germination or plant growth. Do not apply when turf is under stress from heat, moisture or drought. Do not over or under apply.

HOW TO APPLY

Apply evenly over entire lawn area at the rate of 3-4 lbs. per 1000 sq. ft. Use the suggested spreader settings as a guide being sure to check your spreader at the beginning of the application. Use only when there is no hazard of drift. Rain, sprinkling, or mowing within 24 hours may reduce effectiveness. Wait at least 2 weeks before making a second application. The maximum number of broadcast applications per treatment site is 2 per year.

IMPORTANT: Drift of dust or vapors may cause injury to nearby susceptible plants such as vegetables, flowers, fruit trees and ornamentals. Avoid contact with flower beds or shrubs. If accidentally deposited on flowers or shrubs hose off immediately. Do not use on crops that will be used for food or forage purposes. Do not graze animals on treated areas. Do not contaminate water used for irrigation or domestic purposes.

SUGGESTED SPREADER SETTINGS (available at final printing)

NOTE: Above spreader settings are approximate. Differences may occur due to condition of spreader, speed at which applied and roughness of area treated. Calculate the size of area to be treated and do not over or under apply. Be sure to shut off spreader while turning or stopping to prevent accidental over-application and burning of grass. Fill spreader on driveway or sidewalk to eliminate chance of spillage on grass. Do not hand spread.

OPTIONAL APPLICATION INSTRUCTIONS:

SPREADING HINTS

Determine how much fertilizer you need. Using the chart below as a reference, multiply the length of your lawn by its width. This equals your total square footage. Deduct any non-lawn areas (house, gardens, etc.) One bag of this product covers approximately 5,000 sq. ft. Next, using a clean, properly adjusted spreader, apply the material evenly. (A drop-type or broadcast-type spreader may be used. See charts below for suggested actings.) Avoid skipping areas.

PP	ng albae.		,
	Length	(Diagram of property)	1 C
x	Width		ະ ເ ມີອ
=	Total Sq. Ft.		0.000
-	Non-Lawn Areas		21246
=	Total Sq. Ft. Coverage You Need		

Homeowner 9198-70H Page 4 of 5

(BACK PANEL)

Drop spreaders - First, apply 2 border strips along the edge of each end of the lawn (see diagram). Then apply product along the length of the lawn, overlapping slightly, shutting off the spreader before turning as you reach the edge of the border strips.

(Diagram of drop spreader path-Path A)

Broadcast Spreaders - For best results, apply in a circular path starting on the outside and working toward the center (see diagram). A little overlap of products will ensure complete coverage.

(Diagram of broadcast spreader path-Path B)

IMPORTANT: The spreader settings listed above are approximate. Age and condition of your spreader can cause wide variation. Be sure to calibrate your spreader with each application.

Spreading Hints

It is important to follow the directions as indicated on this quality lawn care product as over-application may cause injury to your lawn. Spreader settings are approximate. Differences may occur due to condition of spreader, speed at which applied and roughness of area treated. Refer to the table and picture below to determine the size of your lawn.

Close spreader hopper and adjust the spreader setting using the suggested spreader settings chart below. Fill spreader on driveway or sidewalk to eliminate the chance of spillage on the lawn. Refer to "Path A" when using a broadcast spreader and "Path B" when using a drop spreader. Close the spreader hopper when ever spreader stops or turns.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. Keep container closed and away from food, feedstuffs and domestic water supplies. **PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash. **CONTAINER DISPOSAL:** Do not reuse bag. Discard bag in trash.

DISPOSAL:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If party filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER and LIMITATION of LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. Manufacturer makes NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Where permissible, it is Manufacturer's intent to LIMIT ANY LIABILITY FOR SPECIAL, CONSEQUENTIAL OR INCIDENTAL ECONOMIC DAMAGES to refund of purchase price or replacement of product, at Buyer's choice. Manufacturer DISCLAIMS ANY LIABILITY FOR COMPENSATORY OR OTHER DAMAGES ARISING OUT OF ANY USE CONTRARY TO LABEL DIRECTIONS. Use contrary to label directions is not permitted.

RE: Notification of Minor Label Change Disposal statement per PR Notice 2001-6 SUBJECT: Green Thumb Weed & Feed 12-3-5

EPA Reg. No. 9198-70

Per PR Notice 2001-6, enclosed is an EPA Form 8570-1, an application notifying the Agency of a revision

to the homeowner labeling for the subject registration. One copy of the revised labeling is enclosed. The changes are underlined and marked in bold, yellow highlight for additions and in red strikeout for deletions.

We have made the following changes by notification:

1. Deleted current Disposal statement

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper an discard in trash. CONTAINER DISPOSAL: Do not reuse bag. Discard bag in trash.

And replaced with disposal statement per PR Notice 2001-6

DISPOSAL:

If empty: Do not reuse this container. Place in trash or offer for recycling if available. If party filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Enclosed is a self-addressed card indicating the acceptance or rejection of this notification. Please complete the card and return via mail.

If there are any questions or comments regarding this notification, please feel free to contact me.
