Andersons Tee Tine 30-3-5 with  
0.65% Dursban

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

The Andersons Lawn Fertilizer Division  
d/b/a Free Flow Fertilizer  
P.O. Box 110  
Maumee, OH 43537

167374  
18/04  
161

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 9198-84" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

KEEP OUT OF REACH OF CHILDREN

## CAUTION

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
MAY BE HARMFUL IF SWALLOWED

**CAUTION:** Do not take internally—Avoid contact with eyes, skin, and clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse. Avoid breathing dust. Keep children and pets off treated areas until this material is washed into the soil and grass is dry. Do not treat vegetable gardens or other plants used for food purposes.

### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Drink 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention.

**IF ON SKIN:** In case of contact, remove contaminated clothing and immediately wash skin with soap and water.

**IF IN EYES:** Flush eyes with plenty of water and get prompt medical attention.

**NOTE TO PHYSICIAN:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Bees exposed to direct treatment or residues on plants are highly susceptible. Do not apply directly to water, keep out of lakes, streams, and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when weather conditions favor drift from areas treated. Do not apply where runoff is likely to occur.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For the control of sod webworms, army worms, chinch bugs, cutworms apply at the rate of 2.5 to 3.5 pounds per 1000 square feet or the equivalent of .75 to 1 pound actual chlorpyrifos per acre to home lawns, ornamental and recreational turf grass areas using hand or power operated spreaders designed for application of granular materials. Treat when insects first appear. To help obtain uniform distribution, it is recommended that one-half the required amount of product be applied moving in one direction, then apply the balance at right angles to the original application direction. Calibrate spreader prior to use according to manufacturer's direction. Check frequently to insure equipment is operating properly and distributing granules uniformly. Water lawn thoroughly after application.

### STORAGE AND DISPOSAL

Store in a dry place. Do not contaminate water, food, or feed by storage or disposal. Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**NOTICE:** This product is designed and packaged exclusively for sale and application by professional turf maintenance personnel.
