# GREENSWEEP™

## SPRAY-ON LIQUID

15-0-0

# WEED & FEED

### FOR SOUTHERN LAWN

ACCEPTED

JUL 17 1987

9/98-92

**NO MIXING NO MEASURING COVERS 5,000 SQ. FT.**

**ACTIVE INGREDIENTS:**

*** Dinitrofluorobenzene Salt of	
2-(2-methyl-2-chlorophenoxy) propionic acid	1.552
Dinitrofluorobenzene Salt of	
2,4-Dichlorophenoxyacetic acid	1.552
Dinitrofluorobenzene Salt of	
Birexan (3,4-Dichloro-D-anilic acid)	0.272
INERT INGREDIENTS	98.528
<b>TOTAL</b>	<b>100.004</b>

**THIS PRODUCT CONTAINS:**

- \* 0.153 lb. 2-(2-methyl-2-chlorophenoxy) propionic acid per gallon or 1.184
- \*\* 0.153 lb. 2,4-dichlorophenoxyacetic acid per gallon or 0.822
- \*\*\* 0.019 lb. Birexan (3,4-dichloro-D-anilic acid) per gallon or 0.154

Keep out of reach of children

## CAUTION

Statement of practical treatment

In case of contact, wash skin with plenty of soap and water for 15 min. Flush with water for 15 minutes and get medical attention.

See back panel for additional precautionary statements.

**GREEN SWEEP™ WEED & FEED** 15-0-0

**Fertilizer Analysis**

Total Nitrogen (N) not less than .....15.0%  
Dichlorophenylacetic Acid

EPA Reg. No. 2117-316-3111

EST. No. 6591-04-2

**WILDS:** Broadleafs, Chickweed, Scotweed, Robin, Plantain, Clover, Spurge, Poison Ivy, Ragweed, Thistle, etc. and many other broadleaf weeds.  
**For best results,** spraying should be done when weeds are young and tender. Older weeds are hard to kill. **USE OF GREEN SWEEP** is low in 2,4-Dichlorophenylacetic acid for maximum safety and can be used on sensitive grasses such as St. Augustine bent and Bahiá. Greenweep also works well on Bermuda and Centipede grasses.

**DIRECTIONS FOR USE:**  
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**WHEN TO USE:**  
1. Spray at any time during the growing season when weeds are actively growing. Spray works best when temperature exceeds 50°. 2. On new lawns wait until the grass has reached a height of 3" before making an overall spray treatment. Wait 3 weeks before putting new grass seed or sod down in the bare spots. 3. For best control of weeds, if spray is applied during drought or just before rain. 4. For best results, now 1 to 3 days before treating. 5. Do not water lawn within 24 hours after treatment.

**HOW TO APPLY:**  
Shake well before applying.

Connect spray nozzle to hose. Remove bottle cap and screw bottle onto nozzle. Turn the on-off switch on top of the nozzle right or left to ON. Turn on the water at the tap. Water ready to treat turn the on-off switch to its center ON position. The water mixes automatically with the GREEN SWEEP at the proper ratio. Walk and spray at a slow steady pace. Markers at left on bottle indicate square feet covered in 1,665'².

**USE PRECAUTIONS:**  
Do not allow spray to drift to vegetables, flowers, ornamental plants, shrubs, trees, and other desirable plants where injury may result. Do not spray where grass is emerging from dormancy. Do not apply to newly or old lawns until well established. Soil can be safely used 3 to 4 weeks after application. Do not use on compost-grass, dicotyleds, or on lawns or turf where desirable clovers are present. Do not spray roots of trees and ornamentals. Do

not exceed specified distance. Be particularly careful within drip-line of trees. This product may be injurious to St. Augustine bent and Centipede grasses under conditions of high temperature and moisture. Under these conditions or in cases of accidental over-dose, some slight temporary discoloration of the St. Augustine foliage may occur.

**STORAGE:** Keep from freezing. Store in original container in a locked storage area inaccessible to children. Do not store in a cool, damp or food-stuff area. To prevent cross contamination, do not store near other fertilizers, insecticides, fungicides, or seeds.

**PRODUCT DISPOSAL:** Securely wrap original container with newspaper product in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Do not reuse empty container for any other product or use. Wash thoroughly before discarding in trash.

**PRECAUTIONARY STATEMENTS BASED ON HOME & DOMESTIC USE:**

**CAUTION:** Harmful if swallowed. Avoid contact with eyes, skin, or clothing. In case of contact, immediately flush eyes or skin with plenty of water. If irritation develops, get medical attention. Avoid contamination of food or feedstuffs.

**ENVIRONMENTAL PRECAUTIONS:** Do not apply directly to water. Do not apply when weather conditions favor drift from target area. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not contaminate domestic or irrigation waters.

**NOTICE:** Seller warrants that this product conforms to the label statement on the label. Since conditions of use, such as weather, compatibility with other chemicals, and condition of application equipment will vary, seller makes no claims other than those stated on this label.
