Ms Dawn L. Walters
The Andersons, Inc.
P.O. Box 119
Maumee, Ohio 43537

Subject: Andersons Golf Products Fungicide V
EPA Reg. No. 9198-182
Submission dated June 12, 2002

Dear Ms. Walters:

The revised product supplemental labeling referred to above, submitted in connection with the registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) as amended, is acceptable provided the following conditions are met:

- 1) Revise the sentence "Prevents and controls Pythium Blight and gray snow mold." to "Prevents and controls Pythium Blight and gray snow mold on golf course greens and fairways." The label needs to be clear on the registered use sites.
- 2) Insert the following as the first sentence in the "Storage and Disposal Section" of the label: "Do not contaminate water, food or feed by storage and disposal." This sentence should then be deleted from the "Pesticide Disposal" section.
- 3) Add the following to the "Pesticide Disposal" section on page 2: "Call your local or state solid waste agency or call 1-800-CLEANUP if you have questions."

Submit one copy of the revised final printed label before releasing the product for shipment. A stamped copy of the label is enclosed for your records. If you have questions about this label review,

please contact Dennis McNeilly at (703) 308-6742 or electronically at mneilly.dennis@epa.gov.

Sincerely,

Mary L. Waller
Product Manager (21)
Fungicide Branch
Registration Division (7505C)

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: May irritate eyes, nose, throat and skin. Avoid breathing dust. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Do not graze or feed clippings from treated areas to livestock.

FIRST AID

- If in eyes Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contacts, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
- If swallowed Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
- If on skin Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
- If inhaled Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-757-8951 for emergency medical treatment information.

Environmental Hazards: Do not apply directly to water, to areas where surface water is present or to intertidal areas below mean high water mark. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.

Prevents and controls:

Pythium blight gray snow mold

Whenever used on greens and fairways, apply to moist foliage in the morning or evening. Sprinkle lightly just before traffic resumes to avoid pickup of material on shoes, golf balls, or maintenance equipment.

To prevent Pythium blight -- apply at the RECOMMENDED RATE to moist foliage when high temperature and humidity favor development. Repeat at 5-7 day intervals as long as these weather conditions persist.

To control Pythium blight -- apply at the RECOMMENDED RATE to moist foliage as soon as disease activity is observed; repeat at 5-7 day intervals during high temperature and humidity conditions.

In case of severe disease attack, apply at the DOUBLE RATE to moist foliage and continue RECOMMENDED RATE applications at 5-7 day intervals during high temperature and humidity conditions.

On new seedings, apply at the RECOMMENDED RATE after sowing seed; at first signs of disease, apply to moist foliage of newly germinated grass and repeat at 7-10 intervals if evidence of disease persists.

When treating to control Pythium blight, do not fertilizer or water heavily until disease activity is arrested; prolonged contact with foliage enhances effectiveness.

Gray snow mold -- apply at the RECOMMENDED RATE to dry or moist foliage prior to the first heavy snow (early Winter). Repeat in mid-Winter if turf is free of snow. A final treatment in late Winter as the snow melts extends protection.

In areas where snow cover is present the entire Winter, apply at the DOUBLE RATE prior to the first snow and at the RECOMMENDED RATE snow melts in the Spring.

Storage and Disposal

STORAGE: Store in clean, dry place. Reseal opened bag by folding top down and securing.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage and disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or be incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

5/5

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER and LIMITATION of LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. Manufacturer makes NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
