Subject: Andersons Golf Products Fertilizer Plus Fungicide VII
EPA Reg. No. 9198-190
Amendment dated November 6, 2003

Dear Ms Walters:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act as amended is acceptable provided the following changes are made:

1. In the section "ENVIRONMENTAL HAZARDS", change the second sentence from "Do not contaminate by cleaning...." to "Do not contaminate water by cleaning...."

One copy of the label stamped "Accepted with comments" is enclosed for your records. Please submit one copy of the final printed label that incorporates the required changes before the product is released for shipment.

If you have any questions, please contact Robert Westin by phone at (703) 305-5721 or via email at westin.robert@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to be "CJP".

Andersons Golf Products™ Fertilizer Plus Fungicide VII

- Provides systemic prevention and control of turfgrass diseases including benzimidazole tolerant dollar spot
- Provides controlled release nitrogen feeding

Net Weight XX lbs. (XX.XX kg)

KEEP OUT OF REACH OF CHILDREN
CAUTION
PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: CAUTION. Avoid contact with skin, eyes, or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. May be harmful if swallowed. Avoid inhalation. Do not contaminate feed or foodstuffs.

Environmental Hazards: Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate by cleaning of equipment or disposal of wastes. Do not apply when weather conditions favor drift from areas treated. Apply this product only as specified on this label.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contacts, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice

If swallowed: Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-757-8951 for emergency medical treatment information.

Andersons Fertilizer Plus Fungicide VII

Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.

For use on turfgrass areas consisting of Kentucky bluegrass, annual bluegrass, bentgrass, perennial ryegrass, fine fescue, bermudagrass or mixtures where these grasses predominate.

TO PREVENT DOLLAR SPOT, ANTHRACNOSE AND RUST (*Puccinia* spp.), apply to moist or dry foliage at the RECOMMENDED RATE when environmental conditions favor disease activity. Repeat the application at two week intervals throughout the expected disease period.

TO CONTROL ACTIVE DOLLAR SPOT, ANTHRACNOSE AND RUST (*Puccinia* spp.), apply at the DOUBLE RATE to moist or dry foliage at two week intervals. When the disease activity is under control, apply at the RECOMMENDED RATE at two week intervals.

TO PREVENT BROWN PATCH, apply to moist or dry foliage at the **DOUBLE RATE** when environmental conditions favor disease activity. Repeat at two week intervals throughout the expected disease period.

TO CONTROL ACTIVE BROWN PATCH, use a non-fertilizer fungicide such as Andersons Golf Products Fungicide VII to limit the amount of fertilizer applied since high levels of nitrogen applied to turf during or just prior to the onset of hot, humid weather may increase the severity of brown patch. Follow with the **RECOMMENDED RATE** of either product once the disease is controlled.

Note carefully

To avoid product pickup, lightly irrigate treated areas soon after application.

On short cut bentgrass (less than 1/2") when temperatures are above 80° F, apply only to dry foliage.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a clean, dry place. Reseal opened bag by folding top down and securing. Protect from water and extreme heat.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER and LIMITATION of LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. Manufacturer makes **NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE**. Where permissible, it is Manufacturer's intent to **LIMIT ANY LIABILITY FOR SPECIAL, CONSEQUENTIAL OR INCIDENTAL ECONOMIC DAMAGES** to refund of purchase price or replacement of product, at Buyer's choice. **Manufacturer DISCLAIMS ANY LIABILITY FOR COMPENSATORY OR OTHER DAMAGES ARISING OUT OF ANY USE CONTRARY TO LABEL DIRECTIONS**. Use contrary to label directions is not permitted.

LEGAL RIGHTS:

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS; YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE/JURISDICTION TO STATE/JURISDICTION. (RVamd042302)

NOTE TO EPA – spreader models and settings will vary due to market availability and demand:

Suggested Spreader Settings				
To provide proper distribution calibrate spreader before application. Do not adjust rates of application in order to meet fertilizer requirements of your soil.				
27.72 lbs. treats 22,000 ft ² (½ acre) at the RECOMMENDED RATE				
27.72 lbs. treats 11,000 ft ² (1/4 acre) at the DOUBLE RATE				
SPREADER	GROUND OR PTO SPEED	WIDTH OF COVERAGE	SPREADER SETTING	
			RECOMMENDED	DOUBLE
Gandy – 30"	X mph	Overlap wheels	X	X
Scotts Rotaries* R-7, R-7X R-8, R-8A (cone 8)	X mph	XX feet	X	X
Lely Model	X mph	XX feet	X	X
Vicon	X mph	XX feet	X	X

For the R-7X model use with adjustable pattern slide ¼ closed.
Lely models WTR, WFR, HR and 1250. PT) at 450 rpm.

Note: These spreader settings were established using standard equipment available from the spreader manufacturer at swath widths and speeds typically used within the industry. It is recommended that all spreader equipment be calibrated at the time of application to achieve the desired application rate.
