Conditions of Registration:

2/7

**Andersons Golf Products Koban 30
EPA Reg. No. 9198-229**

1. Submit and/or cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA Section 4.
2. Make the following label changes before you release the product for shipment:
 - A. In the Spanish language warning, change "detalle" to "detalle"
 - B. Revise the EPA Registration Number to read "EPA Reg. No. 9198-229"
 - C. Note: A First Aid statement is only required for eye exposure. If you choose to do so, you may delete all first aid statements for the other routes of exposure as they are all for Category IV acute health effects.
 - D. In the section "For control of damping-off in newly seeded areas:" change "FUNGO" to "FUNGO 50"
3. Submit one copy of the revised final printed label before releasing the product for shipment.

NOV 29 2004
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.

TURF FUNGICIDE FOR PREVENTIVE AND CURATIVE CONTROL OF PYTHIUM

ACTIVE INGREDIENT:

Etriazole† 90%

OTHER INGREDIENTS: 10%

Total 100%

†CAS #2593-15-9

* Licensed under U.S. Patents 3,260,588 and 3,260,725

KEEP OUT OF THE REACH OF CHILDREN

WARNING AVISO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-757-8951 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING! Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses). Wear long-sleeved shirt, long pants, socks and shoes.

Personal Protective Equipment (PPE)

Some materials that are chemical resistant to this product are listed below. If you want more options, follow the instructions for Category A on the EPA chemical resistance category selection chart.

Mixers, loaders, and applicators participating in high-pressure handwand sprayer applications must wear:

- goggles or face shield
- coveralls over long-sleeved shirt and long pants,
- chemical-resistant gloves made of any waterproof material
- chemical-resistant footwear plus socks,
- NIOSH-approved respirator with:
 - an organic-vapor-removing cartridge with a prefilter approved pesticides (MSHA/NIOSH approval number prefix TC-23C), or
 - a canister approved pesticides (MSHA/NIOSH approval number prefix TC-14G), or

(Front panel continued)

- a NIOSH approved respirator with an OV cartridge or canister with any N², R, P, or HE prefilter
- chemical-resistant apron when mixing, loading, cleaning equipment

All other mixers, Loaders, applicators, and other handlers must wear:

- goggles or face shield
- long-sleeved shirt and long pants,
- chemical-resistant gloves made of any waterproof material
- NIOSH-approved respirator with:
 - an organic-vapor-removing cartridge with a prefilter approved pesticides (MSHA/NIOSH approval number prefix TC-23C), or
 - a canister approved pesticides (MSHA/NIOSH approval number prefix TC-14G), or
 - a NIOSH approved respirator with an OV cartridge or canister with any N², R, P, or HE prefilter

Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

Engineering Controls

When all other handlers use closed systems or enclosed cabs in a manner that meets the requirements listed in the Worker Protection Standard (WPS) for agricultural pesticides (40 CFR 170.240(d)(5), the handler PPE requirements may be reduced or modified as specified.

<p>User Safety Recommendations:</p> <p>Users should:</p> <ul style="list-style-type: none"> • Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. • Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. • Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.
--

Environmental Hazards

THIS PRODUCT IS TOXIC TO FISH. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Etridiazole can contaminate surface water through spray drift. Under some conditions, etridiazole may have a high potential for runoff into surface eater for several weeks postapplication. These conditions include poorly draining or wet soils with readily visible slopes toward adjacent surface water, frequently flooded areas, areas, overlaying extremely shallow ground water, areas with in-field canals or ditches that drain to surface water, areas not separated from adjacent waters with vegetated filter strips, and areas overlaying tile drainage systems that drain surface water.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

Do not graze treated areas. Do not feed clippings to livestock.
Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Do not allow this product to drift. For any requirements specific to your State or Tribe, consult the Agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Workers Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as soil or water, is:

- coveralls over short-sleeved shirt and short pants
- chemical-resistant gloves made of any waterproof material
- chemical-resistant footwear plus socks
- protective eyewear

NON-AGRICULTURAL USE REQUIREMENTS

The requirements in this box apply to uses of this product that are not within the scope of the Worker Protection Standard for agricultural pesticides (40CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

Do not enter or allow others to enter area until spray has dried.

DO NOT APPLY THIS PRODUCT THROUGH ANY TYPE OF IRRIGATION SYSTEM.

For commercial use only. Not for use on home lawns, sod farms, or municipal parks.

ANDERSONS GOLF PRODUCTS KOBAN 30 is intended for use on ornamental turf which is subject to Pythium blight, damping off, cottony blight and Pythium Root and Crown Rot. It may be used at time of seeding to control damping off, or on establishing turf to prevent or control Pythium blight (cottony blight and Pythium Root and Crown Rot).

ANDERSONS GOLF PRODUCTS KOBAN 30 does not afford broad spectrum fungus disease control for *Rhizoctonia* (brown patch), *Sclerotinia* (dollar spot), *Gloeocercospora* (copper spot), and similar turf diseases. A fungicide program to control these diseases should be followed if they co-exist with Pythium blight.

For use on golf course greens and tees only.

For control of Pythium blight (cottony blight), grease spot, damping off and Pythium Root and Crown Rot on turf.

Night temperatures above 65°F (18.3°C) with high humidity are favorable for Pythium development.

Add ANDERSONS GOLF PRODUCTS KOBAN 30 to the spray tank with the agitator in operation. Disperse 2 to 4 ½ oz. of ANDERSONS GOLF PRODUCTS KOBAN 30 in 5 gals. of water for each 1,000 ft². of turf to be treated. Use 2 oz. /1,000 ft². when disease incidence is expected to be light and 4 ½ oz./1,000 ft². for more severe conditions.

For Pythium Root and Crown Rot apply ANDERSONS GOLF PRODUCTS KOBAN 30 at 4 ½ oz. in 5 gals. water per 1,000 ft². Drench (irrigate) the treated area immediately following application to increase performance. During periods of high daytime temperatures (90° - 95°F) apply ANDERSONS GOLF PRODUCTS KOBAN 30 in early morning or late afternoon.

Apply uniformly to the turf area with a mobile spray boom or other suitable equipment.

Re-treat in 10 days, depending upon climatic conditions, to maintain disease control. ANDERSONS GOLF PRODUCTS KOBAN 30 should not be mixed with other pesticides or nutrients.

For control of damping-off in newly seeded areas:

Apply 4 ½ oz. of ANDERSONS GOLF PRODUCTS KOBAN 30 in 5 to 10 gals. of water/1,000 sq. ft². immediately after seeding. Irrigate promptly for improved soil penetration of the fungicide and to initiate seed germination. Retreat at 10 day intervals, using a 2 ½ to 4 ½ oz/1000 ft² rate to maintain a preventive disease control program after germination.

Use FUNGO to control a broad spectrum of diseases other than Pythium.

IMPORTANT:

Application to fairways is prohibited.

The maximum application rate for golf course tees and greens may not exceed 4.5 oz /1000 ft²/application and may not exceed 11 oz /1000 ft²/year.

The interval between applications to golf course tees and greens may not be less than 10 days.

STORAGE AND DISPOSAL

STORAGE: Not sensitive to light. Stable at normal temperatures and humidities. Store in a dry place at temperature above 45°F (7°C) in a well-closed container.

PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL: Pesticide, spray mixture or rinse water that cannot be used according to the label instructions must be disposed of according to applicable Federal, State or local procedures.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling, reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER and LIMITATION of LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. Manufacturer makes NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Where permissible, it is Manufacturer's intent to LIMIT ANY LIABILITY FOR SPECIAL, CONSEQUENTIAL OR INCIDENTAL ECONOMIC DAMAGES to refund of purchase price or replacement of product, at Buyer's choice. Manufacturer DISCLAIMS ANY LIABILITY FOR COMPENSATORY OR OTHER DAMAGES ARISING OUT OF ANY USE CONTRARY TO LABEL DIRECTIONS. Use contrary to label directions is not permitted.

LEGAL RIGHTS:

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS; YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE/JURISDICTION TO STATE/JURISDICTION. (APXXXX)
