New York N. Y. 10.001

Important:

These coils are double packed to minimized breakage. The high quality ingredients of **ward off** will keep its effectiveness as long as the coils are kept in a dry place. **ward off** coils are compact, clean and present no storage problem. **ward off** acts as soon as it is lit. **ward off** repels mosquitoes within the area of its fumes. For out-doors, several coils should be used for more effective results

Place coils about 8 to 10 feet apart around area to be protected or slightly upwind if there is a breeze
