CAUTION
KEEP OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling.

To reduce annoyance from mosquitoes, use one or more candles in still air. Never move a burning candle, and never leave a burning candle unattended. Lighted or hot candle may cause burns. Keep burning or hot candle away from body, clothes or flammable or combustible material. For outdoor use only. Place securely in ground away from house, shrubbery or any other potential fire hazard. When placing in ground, hold at the bottom of wooden stake and push in. Do not push from top. Proper supervision should be exercised when burning candle. To extinguish: Leave candle in the ground and either pour sand (or dirt) gently over flame, or cover the flame with an empty soup can. Do not use water to extinguish. Straighten wick before lighting. Do not blow on or attempt to blow out burning candle. Let candle stand for 1/2 hour before touching. To light, lift wax coated paper wick at top and apply flame directly to paper. (Do NOT remove the label).

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: Harmful if swallowed.

STORAGE AND DISPOSAL

Do not reuse empty container. Securely wrap container in newspaper and discard in trash.
