"CONTROLLED GROWTH THROUGH CHEMISTRY"

## D-Weeder #201

### Selective Weed Killer for Regular Lawns

Controls many turf and lawn broadleaf weeds and surface-creeping broadleaf weeds without injury to most ornamental lawn grasses.

**ACTIVE INGREDIENTS:** Dimethylamine salt of 2-(2-methyl-4 chlorophenoxy) Propionic acid\* 4.05%  
 Dimethylamine salt of 2, 4-dichlorophenoxyacetic acid\* 4.02%  
**INERT INGREDIENTS:** 91.93%

\*Equivalent to 2.73% of 2-(2-methyl-chlorophenoxy) propionic acid or 0.25 lbs. MCPP acid per gallon. Equivalent to 2.73% 2,4-dichlorophenoxyacetic acid or 0.25 lbs. 2,4-D per gallon.

SEE BACK PANEL FOR ADDITIONAL CAUTIONS  
 Do NOT Store with Foodstuffs

### CAUTION: KEEP OUT OF REACH OF CHILDREN

Manufactured by: AGRO-CHEM, INC., Chicago, Illinois 60645

**ACCEPTED**  
 March 25, 1973  
 UNDER THE FEDERAL INSECTICIDE FUNGICIDE AND RODENTICIDE ACT FOR ECONOMIC POISON REGISTERED UNDER 9205-8

#### CAUTION

Avoid contact with skin, eyes or clothing. Avoid inhaling spray mist. Keep out of reach of children. Do not store with foodstuffs. After using wash hands and other parts of the body, contaminated with hands, face, spray, or washings.

Avoid spray drift to susceptible plants as in fruit trees, grapes, tomatoes, beans, peas, other vegetables, legumes, ornamentals, etc. Some sprays are less likely to drift. Because of danger of contamination, do not use some spray equipment for applying insecticides. Do not reuse shipping containers, destroy by crushing and burying, where possible. Do not top dress lawns with fertilizer near seeds, ferns, etc. Avoid use of fungicides. Do not use in or around streams, etc. Avoid contamination of water intended for irrigation or domestic purposes. Store at temperatures above 32°F. Do not allow to freeze, thaw and re-mix before using.

#### GENERAL INFORMATION

This product is a selective Weed Killer for Lawn grasses. It is a new post-emergence herbicide specifically formulated for use on turf grasses for selective control of many broadleaf weeds commonly growing in lawns without injury to desirable grasses. The herbicide may be used on all types of turf grasses where used in other products and requires no special care. It is effective against many weeds, including: Marestail, Knotweed, Blue Cranes, Bermudagrass, and other grasses. The product has been used successfully on turf grasses. However, it should not be used on any plants that have shown to be sensitive to MCPP. For the most complete information on weeds controlled, see the back panel of this product.

**NOTE:** MCPP is more strongly active on certain weeds which may be controlled by the use of MCPP.

#### WEEDS CONTROLLED

Many types of broadleaf weeds, including: Marestail, Knotweed, Blue Cranes, Bermudagrass, and other grasses. The product has been used successfully on turf grasses. However, it should not be used on any plants that have shown to be sensitive to MCPP. For the most complete information on weeds controlled, see the back panel of this product.

#### DIRECTIONS FOR USE

Amount to Apply: Per 1000 Sq. Feet Per Acre

#### MIXING AND APPLYING

Mix with water using 2 to 4 gallons water per 1 unit, sq. ft. 20 to 40 gallons per acre. Apply by means of a sprayer or watering can. Do not dilute. Repeat applications may be necessary, especially with heavy infestations of the less susceptible weeds. Do not use with an asterisk, thus:

Enter before or after application. This weed properly fertilize the lawn so as to encourage the lawn to grow rapidly as possible. Following the application, the weeds have died away. Once the weeds have been removed, the late area should be reseeded. The area may be reseeded 3 to 4 weeks after application.

**NOTE:** MCPP is more strongly active on certain weeds which may be controlled by the use of MCPP.

#### WHEN TO APPLY

Apply in spring or fall when weeds are young. Do not apply to Knotweed or other weeds that are in flower. Do not apply to summer annual weeds.

**PRECAUTIONS:** Do not apply when there is a heavy rain forecast, and do not apply when there is a heavy rain forecast. Do not apply to grasses that are stressed or damaged. Do not apply to grasses that are stressed or damaged. Do not apply to grasses that are stressed or damaged. Do not apply to grasses that are stressed or damaged.

Do not apply to grasses that are stressed or damaged. Do not apply to grasses that are stressed or damaged. Do not apply to grasses that are stressed or damaged. Do not apply to grasses that are stressed or damaged.

#### CLEANING OF EQUIPMENT AFTER USE

Wash thoroughly with water. Do not use for other purposes. Do not use for other purposes. Do not use for other purposes. Do not use for other purposes.

Do not use for other purposes. Do not use for other purposes. Do not use for other purposes. Do not use for other purposes.
