ALL-CLEAR JUMBO TABLETS

- A most effective algacide.
- Will not cause cloudiness in water.
- Will not add scale forming minerals in the water.

INSTRUCTIONS

When starting up a new pool, a minimum of 10 mg/l of chlorine residual should be maintained at all times. To accomplish this, use 2 1/2 lbs. of All-Clear Jumbo Tablets per 10,000 gallons of water. Add to the pool water and allow 24 hours for the chlorine to stabilize.

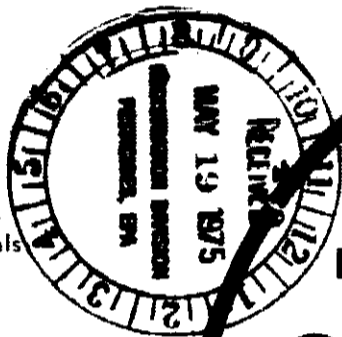

Test pool water frequently with a test kit to maintain a chlorine residual of 1.0 mg/l. Add 1/2 lb. of All-Clear Jumbo Tablets per 10,000 gallons of water to maintain this level. If the chlorine residual drops below 1.0 mg/l, add 1/2 lb. of All-Clear Jumbo Tablets per 10,000 gallons of water immediately. Do not add more than 1/2 lb. of All-Clear Jumbo Tablets per 10,000 gallons of water at one time. Do not add All-Clear Jumbo Tablets to a pool which has been treated with a shock treatment. Wait 24 hours after the shock treatment before adding All-Clear Jumbo Tablets.

During the summer season, test the chlorine residual twice weekly as a maintenance measure.

Keep out of reach of children. See first aid and other precautions on side panel.

**ALL-CLEAR
 JUMBO TABLETS**

Most effective algaecide.
 Does not cause cloudiness in water.
 Does not add scale forming minerals
 to water.

INSTRUCTIONS

For new pools, supplement with a shock treatment
 to shock chlorinate the pool water.
 To accomplish this, use 2 1/2 lbs. All-Clear per
 1000 gallons of pool water. Shock chlorinate
 the pool water. Add 1/2 lb. of All-Clear per 1000 gal.
 of pool water. Repeat this procedure weekly.
 Frequently, with a skimmer, skimmer and pump,
 use 1/2 lb. to 1 lb. of All-Clear per 1000 gallons of
 pool water. Do not use more than 1 lb. of All-Clear
 or more units per 1000 gallons of pool water.
 Add All-Clear to the pool water.
 Add All-Clear into the skimmer. Do not use All-Clear
 in the pool. Use All-Clear in the pool.
 Adjust the water flow rate of the pool.
 Adjust the water flow rate of the pool.
 Adjust the water flow rate of the pool.
