 Trisodium N-hydroxyethylethylenediaminetriacetic acid 0.43

**INERT INGREDIENTS**

96.72%

**PHENOL COEFFICIENTS (A.O.A.C.)**

Salmonella Typhosa 7.8  
 Staphylococcus Aureus 10

**USE DILUTION TEST (A.O.A.C.)**

Salmonella Choleraesuis 1:32  
 Staphylococcus Aureus 1:32

**HOSPITAL INSTITUTIONAL AND INDUSTRIAL Use Directions:**

1. To clean, disinfect, deodorize and wax floors, use 4 ounces of All-N-One per gallon of water. Apply solution liberally with mop and machine scrub if necessary. Pick up solution with mop or vacuum. All surface soil such as food spillage, etc. will be removed from surface of floor but will not disturb wax film. Let dry and thoroughly buff. No Rinsing Required. Will not damage floors that

water will not harm. A daily maintenance program of wet mopping and buffing is recommended for "mirror-like" floors.

2. To clean, disinfect and deodorize Painted, Enameled and Varnished surfaces, use 4 ounces of ALL-N-ONE per gallon of water. Saturate soft cloth or sponge and wet surface thoroughly and wipe dry. Surface may then be polished with a clean, dry cloth.

**WARNING — KEEP OUT OF REACH OF CHILDREN**

This product may cause skin irritation or damage to the eyes. Do not get in eyes or on skin. In case of contact with eyes, flood repeatedly with water and call physician. Do not take internally. Harmful if swallowed. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call a physician immediately. Avoid contamination of food. Remove and wash contaminated clothing before reuse. Rinse empty container thoroughly with water and discard it.
