

DESCRIPTION: A high-efficiency cleaner with bactericidal and fungicidal* properties designed for use in hard-surface cleaning, disinfecting and deodorizing.

USES: To clean, disinfect and deodorize housekeeping and food handling surfaces in industrial, institutional and hospital areas.

GENERAL DIRECTIONS: To clean, disinfect and deodorize floors, walls, tables, drinking fountains, sinks, refrigerators, stoves, restroom fixtures, telephone booths, kennels and garbage cans: Wash with solution containing 5 ounces of Cleaner-Disinfectant per gallon of water.

Excellent solubility in hot, cold, soft or hard water. Contains biodegradable detergent. Dilute as directed by use of standard liquid measuring cup or jug pump. Do not mix with other cleaners. Rinse empty container thoroughly with water and discard it.

* Fungicidal property indicated is for kill of pathogenic fungi.

DIRECTIONS FOR FOOD HANDLING SURFACES: To clean and disinfect food contact and food handling surfaces such as carts, chopping blocks, conveyor belts, cookers, coolers, cutting tools, display cases, grinders, hooks, mixers, processing tables slicers or scales, wash with solution of 5 ounces Cleaner-Disinfectant per gallon of water. Rinse surfaces with potable water and drain completely before reuse.

DANGER — KEEP OUT OF REACH OF CHILDREN.

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
