A synthetic detergent-disinfectant with bactericidal, fungicidal and virucidal properties for broad spectrum use on micro-organisms both gram positive and gram negative. Superior outstanding cleaning and disinfecting in one operation. Is an effective fungicide for surfaces contaminated by organic petrotrolins. Safe for use on electrically conductive floors.

Excellent solubility in hot, cold, still, or hard water. Contains biodegradable detergent. Shows no directed by use of a standard liquid measuring cup or jug & may. Do not mix with other cleaners. Also empty Cleaner-Disinfectant container thoroughly with water and *Qicid H*.

Proven effective for hospital use by the following tests:

A.O.A.C.**	Dilution	Adapted**	Dilution
Use Dilution Test Method		Virucidal (ass)	
Staphylococcus aureus #6538	1:64	Influenza Type A2, Hong	
Pseudomonas aeruginosa PRD-76, #15442	1:64	Kang Shuan-Axin Flu	1:64
Salmonella choleraesuis #18708	1:64	Herpes Simplex	1:64
A.O.A.C.**		Vaccinia	1:64
Fungicide Test		Adenovirus Type 7	1:64
Trichophyton interdigitale #648	1:64	A.O.A.C.**	
		Phenol Coefficient	
		Salmonella typhosa -- 27	
		Staphylococcus aureus -- 62	

**Above A.O.A.C. tests run in conformance with A.O.A.C. Eleventh Edition 1970.

STORAGE AND DISPOSAL: - Store away from heat - Do not transfer to another container. - Do not reuse empty container. - Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: - Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: - Plastic: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. - Metal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in sanitary landfill, or by other procedure approved by state and local authorities.

ONLY FOR SALE TO, USE, AND STORAGE BY SERVICE PERSONNEL

FEDERAL INTERNATIONAL CHEMICALS
1191 SOUTH WHEELING ROAD
WHEELING, IL 60090

Essential to all institutional and hospital areas such as hospitals, hotels and motels, school hospitals, laboratories, nurseries and day care and nursing homes. Specifically laboratories, cages and kennels, kennel wash, mammography rooms, linoleum disinfection, general floor and wall maintenance, kitchen and dining facilities, laboratories, boiler rooms, personnel lockers, rest rooms, shower rooms, for spot cleaning, preliminary post treatment, maintenance equipment and waste receptacles.

DIRECTIONS:
General Classification
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

HOSPITAL USE DIRECTIONS:
1. To clean, disinfect, and deodorize walls, floors, and other non-porous surfaces, use 2 ounces of Cleaner-Disinfectant per gallon of water. Apply with a cloth, sponge, mop, or mechanical floor device, making sure all surfaces are treated thoroughly. Allow surface to remain wet for ten minutes. For heavily soiled areas, a preliminary cleaning is required.
2. To keep an unoccupied room as an adjunct either preceding or following regular cleaning and disinfecting procedure, use a solution of 1 to 5 ounces of Cleaner-Disinfectant per gallon of water per average size room. Allow minimum of 2 hours after tagging has stopped before entering room.

GENERAL USE DIRECTIONS:
1. To clean, disinfect, and deodorize walls, floors, tables, drinking fountains, sinks, refrigerators, stoves, restrooms, restrooms, telephone booths, bed rooms, kennels and garbage cans. Remove gross dirt and heavy soil with a preliminary cleaning step prior to application of Cleaner-Disinfectant. Apply a solution of 2 ounces of Cleaner-Disinfectant per gallon of water with a cloth, sponge, mop, or mechanical spray device, making sure all surfaces are treated thoroughly. Allow surface to remain wet for ten minutes.
2. To clean and disinfect metal articles of jewelry, watches, eyeglasses, instruments and rubber goods. Wipe articles clean and soak for ten minutes in a solution containing 2 ounces of Cleaner-Disinfectant per gallon of water.
3. To disinfect fabrics such as sheets, towels, aprons and uniforms. First rinse in running water with hot water, then soak for ten minutes in a solution containing 2 ounces of Cleaner-Disinfectant per gallon of water.
4. To clean gross floor or heavy soil prior to disinfection, use 4 to 8 ounces of Cleaner-Disinfectant per gallon of water.
5. For light duty cleaning and sanitizing use 2 ounces of Cleaner-Disinfectant per gallon of water. When used on food contact surfaces, follow application with potable water rinse and drain completely before reuse.

WARNING: KEEP OUT OF REACH OF CHILDREN.
Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contact with food. **FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for 15-30 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician.

ACCEPTED
APR 26 1985
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 9232-13
