

Federal International Chemicals
1191 South Wheeling Road
Wheeling, IL 60090

NOV 16

Attention: Frank Poscich

Gentlemen:

Subject: Rinse Free
EPA Registration No. 9232-30
Your Application Dated January 20, 1987
EPA Received Date January 22, 1987

The amendment referred to above, submitted in connection with the Label Improvement Program Notice for Antimicrobial Products Used as Food Contact Surface Sanitizers, is acceptable provided that you:

- 1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
 - a. Delete the word "milk."
 - b. The following form of ingredient statement complies with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

ACTIVE INGREDIENTS:

Name of ingredient _____

Name of ingredient _____

Name of ingredient _____

INERT INGREDIENTS: _____

- c. Delete the statement "No Potable Water Rinse is required" in the sanitization section.
 - d. Place the statement "Hazardous to Humans and Domestic Animals" on a separate line and all in the same type size.
- 2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

Apply to surfaces with a spray nozzle. Do not use on fabrics or other materials that may be damaged by this product. Do not use on surfaces that are highly reflective. Do not use on surfaces that are highly porous. Do not use on surfaces that are highly textured. Do not use on surfaces that are highly irregular. Do not use on surfaces that are highly uneven. Do not use on surfaces that are highly rough. Do not use on surfaces that are highly smooth. Do not use on surfaces that are highly shiny. Do not use on surfaces that are highly dull. Do not use on surfaces that are highly colored. Do not use on surfaces that are highly faded. Do not use on surfaces that are highly stained. Do not use on surfaces that are highly discolored. Do not use on surfaces that are highly scratched. Do not use on surfaces that are highly abraded. Do not use on surfaces that are highly eroded. Do not use on surfaces that are highly pitted. Do not use on surfaces that are highly porous. Do not use on surfaces that are highly permeable. Do not use on surfaces that are highly absorbent. Do not use on surfaces that are highly retentive. Do not use on surfaces that are highly resistant. Do not use on surfaces that are highly durable. Do not use on surfaces that are highly long-lasting. Do not use on surfaces that are highly permanent. Do not use on surfaces that are highly indestructible. Do not use on surfaces that are highly unbreakable. Do not use on surfaces that are highly unmeltable. Do not use on surfaces that are highly unburnable. Do not use on surfaces that are highly uncorroded. Do not use on surfaces that are highly unoxidized. Do not use on surfaces that are highly unreactive. Do not use on surfaces that are highly unresponsive. Do not use on surfaces that are highly unresponsive to treatment. Do not use on surfaces that are highly unresponsive to cleaning. Do not use on surfaces that are highly unresponsive to disinfection. Do not use on surfaces that are highly unresponsive to sanitization. Do not use on surfaces that are highly unresponsive to deodorization. Do not use on surfaces that are highly unresponsive to fungicidal treatment. Do not use on surfaces that are highly unresponsive to virucidal treatment. Do not use on surfaces that are highly unresponsive to soil tolerance treatment.

PRECAUTIONARY STATEMENTS H-2

Keep out of reach of children. Do not use on surfaces that are highly reflective. Do not use on surfaces that are highly porous. Do not use on surfaces that are highly textured. Do not use on surfaces that are highly irregular. Do not use on surfaces that are highly uneven. Do not use on surfaces that are highly rough. Do not use on surfaces that are highly smooth. Do not use on surfaces that are highly shiny. Do not use on surfaces that are highly dull. Do not use on surfaces that are highly colored. Do not use on surfaces that are highly faded. Do not use on surfaces that are highly stained. Do not use on surfaces that are highly discolored. Do not use on surfaces that are highly scratched. Do not use on surfaces that are highly abraded. Do not use on surfaces that are highly eroded. Do not use on surfaces that are highly pitted. Do not use on surfaces that are highly porous. Do not use on surfaces that are highly permeable. Do not use on surfaces that are highly absorbent. Do not use on surfaces that are highly retentive. Do not use on surfaces that are highly resistant. Do not use on surfaces that are highly durable. Do not use on surfaces that are highly long-lasting. Do not use on surfaces that are highly permanent. Do not use on surfaces that are highly indestructible. Do not use on surfaces that are highly unbreakable. Do not use on surfaces that are highly unmeltable. Do not use on surfaces that are highly unburnable. Do not use on surfaces that are highly uncorroded. Do not use on surfaces that are highly unoxidized. Do not use on surfaces that are highly unreactive. Do not use on surfaces that are highly unresponsive. Do not use on surfaces that are highly unresponsive to treatment. Do not use on surfaces that are highly unresponsive to cleaning. Do not use on surfaces that are highly unresponsive to disinfection. Do not use on surfaces that are highly unresponsive to sanitization. Do not use on surfaces that are highly unresponsive to deodorization. Do not use on surfaces that are highly unresponsive to fungicidal treatment. Do not use on surfaces that are highly unresponsive to virucidal treatment. Do not use on surfaces that are highly unresponsive to soil tolerance treatment.

STATEMENT OF P

This product is a disinfectant, sanitizer, fungicide, virucide, and deodorizer. It is used on surfaces that are highly reflective, porous, textured, irregular, uneven, rough, smooth, shiny, dull, colored, faded, stained, discolored, scratched, abraded, eroded, pitted, permeable, absorbent, retentive, resistant, durable, long-lasting, permanent, indestructible, unbreakable, unmeltable, unburnable, uncorroded, unoxidized, unreactive, unresponsive, unresponsive to treatment, unresponsive to cleaning, unresponsive to disinfection, unresponsive to sanitization, unresponsive to deodorization, unresponsive to fungicidal treatment, unresponsive to virucidal treatment, and unresponsive to soil tolerance treatment.

STORAGE

Store in a cool, dry place. Do not store in a highly reflective, porous, textured, irregular, uneven, rough, smooth, shiny, dull, colored, faded, stained, discolored, scratched, abraded, eroded, pitted, permeable, absorbent, retentive, resistant, durable, long-lasting, permanent, indestructible, unbreakable, unmeltable, unburnable, uncorroded, unoxidized, unreactive, unresponsive, unresponsive to treatment, unresponsive to cleaning, unresponsive to disinfection, unresponsive to sanitization, unresponsive to deodorization, unresponsive to fungicidal treatment, unresponsive to virucidal treatment, and unresponsive to soil tolerance treatment.
