

Pool-Trol™

7-DAY

UNIVERSAL IN-LINE CHLORINATING TABLET CARTRIDGE

TYPE K

Works with E-Z Chlor, CPC, Sun and
other Chemical Type Feeders for best
Chlorine Dosage.

- Algae Controller and Disinfectant
- Slowly Meters into Pool Water

Active Ingredient:

Trichloro-S-Triazinetrione
1,3,5-trichloro-2,4,6-triazine
Available Chlorine

KEEP OUT OF REACH OF CHILDREN

DANGER: See back panel for further precautions
and first aid treatment.

MADE ESPECIALLY FOR POOL SPECIALISTS

Net Wt.: 4 lbs. (1.814 kg)

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC
ANIMALS**

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**PHYSICAL AND CHEMICAL HAZARDS:
STRONG OXIDIZING AGENT.** Do not add this product to other chemicals. Do not use any other chemical in this cartridge or put this chemical into another container. Such use or contamination with moisture or organic matter may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion.

PRACTICAL TREATMENT: FIRST AID. If swallowed, feed bread soaked in milk, followed by olive oil or cooking oil. Call a physician immediately. If in eyes, flush with cold water for at least 15 minutes. Get medical attention. If on skin, brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

STORAGE AND DISPOSAL: Store in cool, dry, well ventilated area away from heat or open flame. Rinse container thoroughly with water before discarding. In case of contamination or decomposition, do not reseal cartridge. Isolate container if possible and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in approved landfill area or bury in a safe place.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with an NPDES permit. For guidance, contact the regional office of the EPA.

DANGER: See back panel for further precautions
and first aid treatment.

MADE ESPECIALLY FOR POOL SPECIALISTS

Net Wt.: 4 lbs. (1.814 kg)

NOTE: This is a UNIVERSAL TABLET CARTRIDGE. Type K Cartridge is used for manual chlorine feeders. Use with E-Z Chlor, CPC, Sun, and other chemical type feeders. Each cartridge contains 100 tablets. Pool water is chlorinated by slowly releasing chlorine into the pool water. These tablets are intended to slowly meter chlorine into swimming pool water.

DIRECTIONS FOR USE

Before using this product, please read directions carefully. Then remove instructions and save. Before start up, superchlorinate the pool water with Pool-Trol Pool Shock Treatment or Stabilized Chlorinating Granules. Next day, adjust cyanuric acid level if necessary to 30 parts per million (ppm) with Pool-Trol Chlorine Stabilizer. Add Pool-Trol pH Plus if pH is below 7.2 and pH Minus if above 7.6.

See respective label directions for automatic chlorinator or float ring system before adding Type K Cartridge. Cut off the two water vent areas that stick out on the sides near the bottom of the cartridge. Then insert Type K Cartridge into the feeder or float ring. Using a Pool-Trol Test Kit daily, monitor pH and free chlorine residual. If insufficient chlorine is being dispensed to maintain a free chlorine level of 1-2 ppm, cut off more water vent areas on each side of the cartridge, gradually working upwards, or add an additional cartridge.

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (WH-567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT	

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.
