

COASTAL

Tab-A-Day

Fast-Dissolving Chlorinating 1 oz. Tablets

ACTIVE INGREDIENT:

\*Trichloro-s-triazinetrione.....63%

INERT INGREDIENTS.....37%

Total 100%

\*Available Chlorine.....56%

KEEP OUT OF REACH OF CHILDREN  
DANGER

See back panel for additional precautions and  
statement of practical treatment.

NET WEIGHT: 4.25 lbs. (1.927 kg)

68 tablets approximately 1 oz. each

(Back Panel)

Tab-A-Day Fast Dissolving Chlorinating 1 oz. Tablets provide effective control of bacteria and algae growth in pool water. DO NOT add this product directly to pool water or to continuous tablet chlorinating devices. Tab-A-Day Fast Dissolving Chlorinating 1 oz. Tablets are intended for addition to the pool skimmer or into a floating dispenser. Do not mix this product with any other chemical.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

START-UP:

When starting up a reopened or freshly filled swimming pool, make sure that the filtration system is clean and operating properly. Then adjust and maintain the pH in the range of 7.2 to 7.6. Use Coastal pH Plus or pH Minus as indicated by a Coastal Test Kit. Then superchlorinate with Boost Pool Shock or Blast One Shot Shock Treatment, or Iso Clor Super Stabilized Chlorinating Powder to establish a free chlorine residual of 1.0 to 1.5 ppm (parts per million). If your pool has not been stabilized previously, add Coastal Chlorine Stabilizer & Conditioner (cyanuric acid) until 30 ppm is obtained following label directions.

DAILY:

Add Tab-A-Day Fast Dissolving Chlorinating 1 oz. Tablets to the pool skimmer or floating dispenser as necessary to maintain a 1.0 to 1.5 ppm chlorine residual. A suggested dosage is one Tab-A-Day tablet per 5,000 gallons of water daily. This dosage may vary due to unusual conditions such as heavy bather loads, wind, heavy rains and high temperatures. Therefore, frequent use of a Coastal Test Kit is recommended as a guide to maintain the pH at 7.2 to 7.6 and the chlorine residual at 1.0 to 1.5 ppm.

PRECAUTIONARY STANDARDS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT

FIRST AID: If swallowed, promptly drink large quantities of water. DO NOT induce vomiting. Call a physician immediately. If on skin, brush off excess chemical and flush skin with plenty of water for at least 15 minutes. If irritation persists, get medical attention. If in eyes, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention. If inhaled, remove person to fresh air. Get medical attention.

### PHYSICAL AND CHEMICAL HAZARDS

**STRONG OXIDIZING AGENT:** Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. Isolate container (if possible) in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding container.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with an NPDES permit. For guidance, contact your regional office of the Environmental Protection Agency.

### STORAGE AND DISPOSAL

Keep this product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat and open flame. In case of decomposition, isolate container (if possible) and flood with large volumes of water to dissolve all material before discarding this container. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment.
