NET CONTENTS _____ GAL(S).

Lab Control No. _____

For general disinfection of hard, non-porous inanimate surfaces (glass, metal, plastic, glazed porcelain, linoleum, tile, leather, vinyl, enamel and finished wood surfaces) on walls, floors, appliances and furnishings in industrial and commercial offices, restrooms and work areas

Cleaning and deodorizing: Whenever practical, flush away gross soils with water. For cleaning and deodorizing, use 5 to 8 ounces per gallon of water. Cleaning may be accomplished with a clean mop, sponge, squeegee, wet vacuum system, or a mechanical spraying device. After cleaning remove suspended soils with a clear water rinse, vacuum pick up or by wiping with a clean mop, sponge, squeegee or cloth

Disinfecting: Before disinfecting, preclean surfaces as directed above. Then, prepare 5 ounces per gallon of water and thoroughly wet the surfaces to be disinfected. The disinfecting solution must contact the surface for 10 minutes for proper disinfection. If desired, the surfaces may then be rinsed with clear water or wiped with a clean damp cloth.

For cleaning and deodorizing of garbage cans, garbage trucks, industrial waste receptacles and other garbage handling equipment: It is especially important to preclean, in order for the disinfectant to perform properly. Then apply a wetting solution of 8 ounces per gallon of water.

For cleaning of walls, floors and industrial work areas: Use 5-8 ounces per gallon of water. The use of rubber gloves is recommended for personnel doing continuous hand cleaning

This disinfectant may be used through automatic floor scrubbing equipment.

This product must not be used on food contact surfaces.

ROSE WINTERGREEN SCENTED DISINFECTANT II is effective against a wide variety of gram-positive and gram-negative bacteria.

Kills: *Salmonella choleraesuis* ATCC 10708, *Staphylococcus aureus* ATCC 6538, *Streptococcus pyogenes* ATCC 9342, *Escherichia coli* ATCC 11229, *Enterobacter aerogenes* ATCC 13048, *Shigella sonnei* and *Candida albicans*.

ROSE WINTERGREEN SCENTED DISINFECTANT II is also an excellent deodorant. It is especially effective in controlling odors that are bacterial in origin.

ROSE WINTERGREEN SCENTED DISINFECTANT II mixes readily with water and makes a clear stable solution. In use dilution it is non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals. Has a pleasant wintergreen odor.

STATEMENT OF
PRACTICAL TREATMENT

IF SWALLOWED: Drink milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician or Poison Control Center immediately.

IF IN EYES: Flush with plenty of water for at least 15 minutes. Call a physician.

IF ON SKIN: Flush with plenty of water for at least 15 minutes. Get medical attention. Remove and wash all contaminated clothing before reuse.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS
DANGER

Corrosive, causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid breathing spray mist.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds or public water unless in accordance with an NPDES Permit. Do not contaminate water by cleaning of equipment or by disposing of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL
OPEN DUMPING IS PROHIBITED
DO NOT REUSE EMPTY CONTAINER

STORAGE: Store only in original container. Keep container closed when not in use. Store in a secure place. Isolate leaking containers. Recover spilled product with a mop or wet pick-up vacuum. Flush area with plenty of water and recover solution.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: *Metal containers:* Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. *Plastic containers:* Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
