BACK PANEL

FLEXABAR GERMICIDE FUNGICIDE DISINFECTANT

Effective in every room in the house, on walls, floors, bedding,
furniture, fixtures, in fact, every place where germs may collect
or breed.

Garbage cans, linen hampers, light switches, gymnasiums,
linen and clean-up carts, toys, wheel chair, bed springs,
waste baskets, office machines, cabinets, shower stalls,
vomit accidents, air ducts, toilet seats, drain outlets,
urinals, closets, radiators, door handles, dog kennels.

Nursery: Disinfects and stops most germs and fungi on contact.
Helps eliminate nursery odors. Spray as directed on
cribs, play pens, soiled diapers and diaper pails. Be
sure surfaces have dried before using.

Bathroom: Spray basins and toilet bowls for positive disinfectant
action against household germs and to control bathroom odors.

Before Storage: To prevent mildew, spray on any article that will not
be damaged by alcohol.

FLEXABAR = Germicide-Fungicide-Disinfectant
BACK PANEL (continued)

Directions: For most effective application, hold can 10 to 12 inches away from object and spray until the entire surface is moistened.

Caution: Flammable Mixture. Do not use near fire or flame - N.Y.F.D. of A. #3099

Avoid inhalation. Do not spray on skin of animals. Avoid contact with eyes and clothing. In case of accidental contact, wash with soap and water. Avoid contamination of foodstuffs and cooking utensils. Children and pets should be removed from areas being treated. Do not spray on areas frequented by small children or on objects which may be placed in the mouths of infants. Do not spray varnished or waxed surfaces. Sprayed surfaces must be completely dried before being used.
