

Not Reviewed - Registrations to be in accordance with Reregistration or Pesticide Product Guidance for Phase 2 Response, Page 2.12, Active to Inert Change in Status.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product as a space spray in these areas, apply only when plant is not in operation. Do not remain in enclosed treated areas and ventilate the area after the treatment is completed.

Facilities and equipment in federally inspected meat and poultry plants must be washed with an effective cleaning compound followed by a potable water rinse.

Spray in corners, under sinks, bathrooms, and all possible contaminated areas.

To kill ROACHES, WATERBUGS, SILVERFISH - thoroughly spray infested areas, working spray into cracks and other hiding places. When possible spray the insects directly. Repeat when necessary.

To kill ANTS in buildings, follow directions for killing roaches, etc. Spray ant trails and areas around door sills and window frames where the pests enter premises. Repeat when necessary.

To kill FLIES, MOSQUITOS and GNATS - close doors and windows of infested area. Fill infested area with mist using hand or electric atomizer. Allow sprayed area to remain closed for 10 minutes, then sweep up and destroy fallen insects. Repeat when necessary.

To kill MOTHS and CARPET BEETLES - thoroughly spray clothing or carpets, particularly the seams or folds. Closets and storage containers should be filled with fine mist and remain closed for 30 minutes after spraying. Spray into any cracks or other hiding places. Repeat every month unless articles are stored in a moth-tight container.
