

**ACCEPTED**  
 JUL 29 1985  
 U. S. Dept. of Agriculture,  
 Fungicide, and Rodenticide Act,  
 as amended, for the pesticide  
 registered under 9367-19  
 EPA Reg. No.

This germicidal cleaner performs dual functions, as a powerful germicide and a heavy duty cleaner. It may be used in hospitals, institutions, food processing plants, schools and industrial buildings to clean, sanitize, disinfect or deodorize.

Effective at 2 oz. per gallon against *Staphylococcus Aureus*, *Salmonella Typhosa*, *Salmonella Choleraesuis*, *Pseudomonas Aeruginosa* and *Trichophyton Interdigitale* as determined by A.O.A.C. Procedures, 11th Edition.

**DIRECTIONS**

**General Information** — Lightly soiled hard surfaces can often be cleaned, disinfected and deodorized by a one-step treatment. Heavily soiled surfaces, fabrics and other porous surfaces must be pre-cleaned before disinfection. Food processing equipment and utensils must be rinsed with potable water after sanitization and before they are used. **In Federally inspected meat and poultry plants pre-clean all surfaces with a good detergent prior to use of this product followed by a potable water rinse.** Do not mix with soap or anionic detergents.

**Floors** — For regular mopping of all types of floors, except natural finished wood, use 2 oz. per gallon of germicidal cleaner. Rinsing is not required. Scrub heavily soiled floors with a stronger solution and then rinse them.

**Walls, Woodwork, Window Blinds, Leather, Plastic** — To clean and disinfect, wash with 2 oz. per gallon of germicidal cleaner and wipe off the excess solution with a cloth or sponge. Rinsing is unnecessary.

**Aluminum, Stainless Steel, Filing Cabinets, Lockers** — Scrub lightly with a solution of 2 oz. per gallon of germicidal cleaner. Wipe dry with a clean cloth or sponge.

CLEANS — DISINFECTS      SANITIZES — DEODORIZES

# T-C 505 Q

## Hospital Type GERMICIDAL CLEANER

**ACTIVE INGREDIENTS:**

Alkyl (C 14-58%; C 16-28%; C 12-14%) dimethyl benzyl ammonium chlorides	6.0%
Isopropanol	4.0%
Tetrasodium ethylenediaminetetraacetate	0.4%
Essential Oils	1.4%
<b>INERT INGREDIENTS:</b>	<b>88.2%</b>

**WARNING KEEP OUT OF REACH OF CHILDREN**  
 Undiluted germicidal cleaner causes irritation of eyes or skin and is harmful if swallowed. See right panel for first aid, antidote and additional warnings.

**Sanitization of Food Processing Equipment** — Pre-clean equipment thoroughly and then apply a solution containing 2 oz. per gallon of germicidal cleaner to all surfaces. Rinse with potable water.  
**Surgical Instruments** — Pre-clean to remove all blood and serum exudates. For cold disinfection, immerse pre-cleaned instruments in a fresh solution containing 3 oz. per gallon of germicidal cleaner for 10 minutes.

**WARNING**  
 Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food. Rinse empty container with water and discard it.  
**First Aid** — In case of contact with eyes, quickly flush with plenty of water and seek medical attention. In case of contact with skin, immediately flush with plenty of water. See a physician if skin irritation develops.  
**Antidote** — If swallowed, promptly drink a large quantity of water followed by egg white or gelatin. See a physician.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE DISPOSAL**

"Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the National Waste Resource Council or the nearest EPA Regional Office for guidance."

**CONTAINER DISPOSAL**

Triple rinse or equivalent. Then offer for recycling or reconditioning, or puncture and destroy in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
