This germicidal cleaner performs dual functions; as a powerful germicide and a heavy duty cleaner. It may be used in hospitals, institutions, food processing plants, schools and industrial buildings to clean, disinfect or deodorize.

Effective at 2 oz. per gallon against Staphylococcus Aureus, Salmonella Typhosa, Salmonella Choleraesuis, Pseudomonas Aeruginosa and Trichophyton Interdigitale as determined by A.O.A.C. Procedures, 11th Edition.

DIRECTIONS

General Information—Lightly soiled hard surfaces can often be cleaned, disinfected and deodorized by a one-step treatment. Heavily soiled surfaces, fabrics and other porous surfaces must be pre-cleaned before disinfection.

Do not mix with soap or anionic detergents.

Floors—For regular mopping of all types of floorings, except natural finished wood, use 2 oz. per gallon of germicidal cleaner. Rinsing is not required. Scrub heavily soiled floors with a stronger solution and then rinse them.

Walls, Woodwork, Venetian Blinds, Leather, Plastic—To clean and disinfect, wash with 2 oz. per gallon of germicidal cleaner and wipe off the excess solution with a cloth or sponge. Rinsing is unnecessary.

Aluminum, Stainless Steel, Filing Cabinets, Lockers—Scrub lightly with a solution of 2 oz. per gallon of germicidal cleaner. Wipe dry with a clean cloth or sponge.
