

This product is based on a highly-active mixture of three Twin Chain quaternary ammonium compounds together with an effective fabric softener.

Soil and contaminated fabrics such as diapers, hospital and institution linen and athletic equipment is a major house-keeping problem not only in hospitals but in institutions, hotels, restaurants and schools. Used as directed it imparts an effective residual bacteriostatic treatment together with softening to laundered items such as diapers, hospital and institutional linens and athletic apparel. This finish will effectively protect the fabric against rapid bacterial growth caused by moisture and wet contamination.

This product is designed for commercial and institutional laundry use by addition to the final rinse. Laundered fabric may also be treated and softened by soaking in a solution of this product. For recommended solution concentration, see DIRECTIONS FOR USE.

This Bacteriostatic Laundry Softener Concentrate is economical to use because it is concentrated. It should be handled with care.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

Keep Out of Reach of Children

Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

PHYSICAL OR CHEMICAL HAZARDS

DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME
Storage and Disposal

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with an NPDES permit. For guidance contact your Regional Office of the Environmental Protection Agency.

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

OPEN DUMPING IS PROHIBITED

PESTICIDE DISPOSAL

PESTICIDE THAT CANNOT BE USED, OR CHEMICALLY REPROCESSED SHOULD BE DISPOSED OF IN A LANDFILL APPROVED FOR PESTICIDES

CONTAINER DISPOSAL

RESEAL CONTAINER AND OFFER FOR RECONDITIONING OR TRIPLE RINSE (OR EQUIVALENT) AND OFFER FOR RECYCLING, RECONDITIONING, OR DISPOSAL IN APPROVED LANDFILL, OR BURNED IN A SAFE MANNER.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

-To soften laundered fabrics and obtain residual bacteriostatic activity against odor - causing bacteria, use 5 fluid oz. (10 tablespoons) per 100 lbs of fabric (dry weight)

Dilute the appropriate amount of this product in one to two gallons of water; then add to the washwheel in the final rinse.

Retreat fabric after each washing.

Persons.**

Statement of Practical Treatment

In case of contact immediately flush eyes or
skin with plenty of water for at least 15 minutes.
For eyes call a physician. Remove and wash
contaminated clothing before reuse.

If swallowed drink promptly a large quantity of
milk egg whites gelatin solution or if these are
not available drink large quantities of water.
Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal
damage may contraindicate the use of gastric
lavage. Measures against circulatory shock
respiratory depression and convulsion may be
needed.
