NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

WIT

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

[Faint, illegible text in the registrant name and address field]

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Company Name Theochem Laboratories, Inc.

Product Name Bowl-Sar

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. An edited copy of the proposed label is enclosed indicating the revisions which must be made to your label to satisfy our requirements.
2. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 9367-36
3. The labels which will be used for this product in channels of trade must reflect these revisions.
4. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
5. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.
6. The Storage and Disposal Statement for the 1 quart and 1 gallon containers is:

Keep securely closed, away from heat or open flame in a well-ventilated area away from food and feed. Fumes are corrosive to metal. Do not reuse empty containers; rinse thoroughly with water and detergent. Discard in regular trash collection.

This is a disinfectant bathroom bowl cleaner, designed for hospital use. This disinfectant toilet bowl cleaner is especially formulated to kill many germs commonly found in hospital, industrial and institutional environments. This is designed for use in toilet bowls and urinals.

This contains an acid compatible detergent system that removes resistant stains and increases its disinfectant action.

When used as directed, this product cleans, disinfects and deodorizes in one easy step.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Flush toilet. Add 3 fluid oz (6 tablespoons) directly to water in toilet bowl (3/4 gallon). Brush to cover all interior surfaces of the bowl including under the rim. Allow disinfectant solution to remain at least 10 minutes. Flush toilet.

For heavily soiled areas, a preliminary cleaning may be required.

To clean badly stained bowls, repeat above treatment using 5 to 6 fluid ounces.

For use in urinals, add 3 fluid oz (6 tablespoons) to 1/4 gallon of water. Apply by brush to all urinal surfaces. Treated surfaces must remain wet for 10 minutes. Flush.

The broad spectrum efficacy of this product in toilet bowls and urinals has been evaluated in the presence of 5% serum and found to be effective against the following organisms by the AOAC Use Dilution test:

- Pseudomonas aeruginosa*
- Staphylococcus aureus*
- Salmonella choleraesuis*
- Escherichia coli*
- Salmonella typhosa*
- Serratia marcescens*
- Shigella dysenteriae*
- Streptococcus faecalis*
