

This product is a disinfectant bathroom bowl cleaner, designed for hospital use. This disinfectant toilet bowl cleaner is especially formulated to kill many germs commonly found in hospital, industrial and institutional environments. This is designed for toilet bowls and urinals.

This product contains an acid compatible detergent system that removes resistant stains and increases its disinfectant action.

When used as directed, this product cleans, disinfects and deodorizes in one easy step.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Flush toilet. Add 3 fluid oz. (6 tablespoons) directly to water in toilet bowl (1/4 gallon). Brush to cover all interior surfaces of the bowl including under the rim. Allow disinfectant solution to remain at least 10 minutes. Flush toilet.

For heavily soiled areas, a preliminary cleaning may be required.

To clean badly stained bowls, repeat above treatment using 5 to 7 fluid ounces.

For use in urinals, add 3 fluid oz. (6 tablespoons) to 1/4 gallon of water. Apply by brush to all urinal surfaces. Treated surfaces must remain wet for 10 minutes. Flush.

**STAINS:** To remove metallic soap build up and stains from tile floors, walls, shower stalls, and swimming pools etc. use 1/2 cup of this product per gallon of water. Apply with mop or cloth. Rinse thoroughly. To remove stains on ceramic tile floors and grout and remove tarnish from brass, apply with cloth and rinse with cold water.

Do not allow bottle to stand on porcelain while contents are being used. Rinse mop and cloth with water after using this product. **NOT RECOMMENDED FOR USE ON CHROME FIXTURES.**
