

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (WH-567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE OCT 11 1984
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT	

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
*(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)*

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

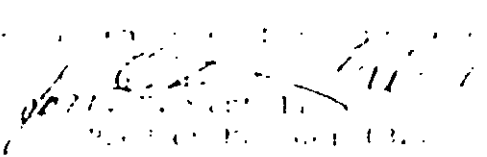

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

[Faint, mostly illegible text of the registration notice follows]

DAVID L. DAVIS
 Director, Registration Division

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

THIS PRODUCT IS DESIGNED TO BE DISPENSED THROUGH AUTOMATIC INJECTORS IN THE LAST RINSE OF LOW TEMPERATURE DISHWASHING MACHINES.

A concentration of 1% (one ounce of this product in 4 gallons of water) will give 50 ppm of available hypochlorite.

Consult your local specialist for the proper use and set up of dispensing equipment in order to comply with the sanitizing requirements of the Health Department.

NOTE: This product is not for use in large scale applications such as in the treatment of water. It is not to be used in the treatment of water in swimming pools or in the treatment of water in industrial processes.

TREATMENT AND DISPOSAL

At the time of disposal, do not dump into the sewer. The product should be treated with a large amount of water before disposal. Do not use in the treatment of water in swimming pools or in the treatment of water in industrial processes. The product should be diluted with water before disposal. Do not use in the treatment of water in swimming pools or in the treatment of water in industrial processes. Do not use in the treatment of water in swimming pools or in the treatment of water in industrial processes. Do not use in the treatment of water in swimming pools or in the treatment of water in industrial processes.
