 Tampa, FL 33610

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration in any way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator may, in his discretion, suspend or annul the registration of a pesticide which does not comply with the Act. The suspension or annulment of the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The Administrator hereby certifies that the above named pesticide is registered under the Federal Insecticide, Fungicide, and Rodenticide Act, and that the labeling accepted in connection with this registration is in accordance with the Act and the regulations thereunder.

You are hereby notified that the above named pesticide is registered under the Federal Insecticide, Fungicide, and Rodenticide Act, and that the labeling accepted in connection with this registration is in accordance with the Act and the regulations thereunder.

The Administrator hereby certifies that the above named pesticide is registered under the Federal Insecticide, Fungicide, and Rodenticide Act, and that the labeling accepted in connection with this registration is in accordance with the Act and the regulations thereunder.

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

It is a violation of federal law to use this product in a manner inconsistent with its labeling

THIS PRODUCT IS DESIGNED TO BE DISPENSED THROUGH AUTOMATIC INJECTORS IN THE LAST RINSE OF LOW TEMPERATURE DISHWASHING MACHINES

A concentration of 1/4 ounce of this product in 4 gallons of water will give 50 ppm of available chlorine.

Consult your local specialist for the proper use and set-up of dispensing equipment in order to comply with the sanitizing requirements of the Health Department.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage, as necessary, to obtain the required level of available chlorine.

STORAGE AND DISPOSAL

Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. DO NOT reuse empty container, but place in trash collection. DO NOT contaminate food or feed by storage, disposal, or cleaning of equipment.
