

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

INDUSTRIAL AND COMMERCIAL RECIRCULATING COOLING TOWERS:

1. INITIAL DOSE: To a clean system with no visible algae or microbial slime, add 3 gallons of AMA®-3510 per 10,000 gallons of cooling water. If algae or microbial slime are visible, add 6 gallons of AMA®-3510 per 10,000 gallons of water. Repeat until control is achieved. Badly fouled systems must be cleaned before beginning treatment.

2. MAINTENANCE DOSES IN TOWERS WITH CONTINUOUS FEED EQUIPMENT: After adding the first dose and achieving control, maintain a level of 10 ppm of active ingredient by adding AMA®-3510 continuously at a rate of 1 on per 10,000 gallons of "bleed-off". If algae or slime begin to grow, add a "slug-dose" of 3 gallons of AMA®-3510 per 10,000 gallons of cooling water. Follow the "slug-dose" by maintaining a level of 10 ppm of active ingredient.

3. MAINTENANCE DOSES IN TOWERS WITHOUT CONTINUOUS FEED EQUIPMENT: After adding the initial dose and achieving control, add 1 to 3 gallons AMA®-3510 per 10,000 gallons of cooling water once weekly or more often to prevent the growth of algae or slime. If growth occurs, add a "slug-dose" of 3 to 6 gallons of AMA®-3510 per 10,000 gallons of cooling water and then maintain a level of 10 ppm of active ingredient.

NOTE: AMA®-3510 must be added at a point in the cooling system where it can mix uniformly into the circulating water.

CORROSIVE LIQUIDS, N.O.S. (ALKYL DIMETHYL BENZYLAMMONIUM CHLORIDE), UN1760

AMA®-3510

ANTIMICROBIAL AGENT

Active Ingredient:	
n-Alkyl (50% C14, 40% C12, 10% C16) dimethyl- benzyl ammonium chloride.....	10%
Inert Ingredients:.....	90%
TOTAL.....	100%

KEEP OUT OF REACH OF CHILDREN

DANGER

First Aid	
If in eyes:	<ul style="list-style-type: none">- Hold eye open and rinse slowly and gently with water for 15-20 minutes- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.- Call a poison control center or doctor for treatment advice.
If on skin or clothing:	<ul style="list-style-type: none">- Take off contaminated clothing.- Rinse skin immediately with plenty of water for 15-20 minutes.- Call a poison control center or doctor for treatment.
If swallowed:	<ul style="list-style-type: none">- Call poison control center or doctor immediately for treatment advice.- Have person sip a glass of water if able to swallow.- Do not induce vomiting unless told to do so by the poison control center or doctor.- Do not give anything by mouth to an unconscious person.
If inhaled:	<ul style="list-style-type: none">- Move person to fresh air- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.- Call a poison control center or doctor for further treatment.
Have product container, label or label information with you when calling a poison control center or doctor or going for treatment.	
Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage. This product may pose an aspiration pneumonia hazard.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, safety glasses, or face shield), protective clothing, and rubber gloves. Harmful if swallowed. Avoid breathing vapors. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal

PESTICIDE STORAGE: Protect from freezing and temperatures in excess of 140°F. Keep container closed when not in use. If contents are spilled or leaked due to container damage, collect liquid with absorbent material and dispose of in accordance with local, state and federal disposal regulations.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label directions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Plastic Containers - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
