LIFT

Surfactant-Germicide-Deodorant

A superior cleaning formulation with a powerful mixture of phenolic-type germicides. A balanced composition of soap and biodegradable detergents that provides excellent soil removal at germicidal use-dilutions.

AOAC USE-DILUTION CONFIRMATION METHOD—1:100 PHENOL COEFFICIENT (AOAC 20° C) 6.0

ACTIVE INGREDIENTS: n-propanol, 7.00%; Potassium coconut oil soap, 3.00%; Sodium dodecyl benzene sulfonate, 2.00%; Methyl naphthalene sulfonate, 1.50%; 4 and 6 chloro-2-phenylphenol, 2.50%; o-benzyl p-chlorophenol, 1.50%; Trisodium N-hydroxyethylenediaminetriacetate, 0.50%. **INERT INGREDIENTS: 82.00%.**

CAUTION: HARMFUL IF SWALLOWED—KEEP OUT OF REACH OF CHILDREN—FOR PROFESSIONAL USE ONLY.

Avoid contact with eyes. Avoid skin and clothing contact with concentrate. Wash skin or clothing with soap and water. In case of eye contact wash immediately with running water and obtain medical attention. Avoid storage near food.

CLEANING, DISINFECTING AND DEODORIZING IN ONE STEP. LIFT provides excellent cleaning and deodorizing

activity at disinfecting use-dilutions. Prepare solution containing 1 part by volume of LIFT to 100 parts of water.

Apply to surface to be cleaned and disinfected by mop, brush, or scrubber. Allow solution to remain on surface for several minutes, then remove with wet vacuum, damp mop, or squeegee. Rinse with water.
