DIRECTIONS

A modern formulation containing insecticide and fungicides designed to control powdery mildew on roses, asters, zinnias, sweet peas and hydrangias; black spot on roses. Kelthane[®] in the formulation controls red spider mites on plants such as roses, azaleas, camellias and gardenias; Sevin[®] in this formulation controls Rose chafers, Rose slugs, Japanese Beetles, Leaf Rollers, Leaf Hoppers, Rose Aphids, exposed thrips and Blister beetles on roses.

HOW TO USE: This dust is contained in a ready to use squeeze applicator. Lift hinged cap and squeeze container. Apply dust from below the leaves to insure that both lower & upper surfaces are covered with a thin film of dust. The duster should be held 8 to 10 inches from the part of the plant receiving the dust. To refill container remove bottom closure.

WHEN TO USE: Start a regular preventative program as soon as new growth appears. Under normal conditions, apply every 7 to 14 days during growing season. Treat at least weekly during periods of severe infection caused by periods of wet weather. Apply dust in early morning or late evening when moisture is present on plants, temperature is low and air still. Do not treat during excessively high temperatures (above 85° F) as sulphur may burn foliage. Additional applications are recommended immediately after every rain.

CAUTION: Harmful if swallowed or inhaled. Induce vomiting if swallowed. Avoid breathing dust. May cause irritation of nose, throat, eyes and skin. In case of contact with eyes, get medical attention. Avoid contact with skin. Wash thoroughly after handling. Avoid contamination of feed and foodstuffs. Do not use on household pets or humans. Keep out of reach of children. Do not use within 10 days of an oil spray. Store in a cool place. Keep container closed when not in use. Do not reuse container. Destroy when empty.

FISH AND WILDLIFE CAUTION: This product is toxic to fish. Keep out of any body of water. Do not contaminate water by cleaning equipment or disposal of wastes. Apply this product only as specified on this label.
