

GENERAL DIRECTIONS

Apply this product only as specified on this label.

Shake well before using. Read label and observe cautions and directions. When pre-mixed with water prior to spraying, mix thoroughly and keep agitated during use.

Insects are more difficult to control as they become older and larger. Unless otherwise noted, spray when insects first appear and repeat as needed. Spray upper and lower surfaces of all leaves and branches thoroughly. Where Snow Scale is a problem, it is important that trunk limbs and twigs are thoroughly sprayed.

CAUTION: Harmful if swallowed, inhaled, or absorbed through skin. Avoid contact with eyes. Wash after handling. Avoid contamination of feed and foodstuffs. Do not reuse container. Destroy when empty.

ENVIRONMENTAL CAUTIONS

This product is toxic to fish, shrimp, crab and other wildlife. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

This product is toxic to bees and should not be applied when bees are actively visiting the area.

CAUTION

Do not use within 30 days before or after sulphur applications. Do not use at temperature over 90 F. or lower than 40 F., or when plants are wilted from lack of moisture. Avoid contamination of foodstuffs.
