WASHINGTON, D.C. 20460

April 29, 2024

Aaron Leslie
Superintendent
Sunniland Corporation
1735 SR 419
Longwood, FL 32750

Subject: Approval of Label Amendment; Only Indicated Changes Reviewed – Correcting the weight in the Active Ingredients section and other minor label revisions
Product Name: Sunniland Weeder-Feeder
EPA Registration Number: 9404-51
Application Date: April 2, 2024
Case Number: 561706

Dear Aaron Leslie:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. However, EPA reviewed only the label changes highlighted, marked, or otherwise indicated on the submitted label. Any other changes to the previously approved label that were not clearly highlighted, marked, or otherwise indicated in your submission were not reviewed and may form the basis of regulatory and/or enforcement action if later discovered by the Agency. Further, submission of a label amendment application with unidentified changes may be considered a knowing submission of false information to the Agency. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The label submitted with the application has been stamped "Accepted Only Indicated Revisions Reviewed" and is enclosed for your records.

This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 C.F.R. § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 C.F.R. § 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website contains any false or misleading statement, design, or graphic, the product may be misbranded and unlawful to sell or distribute under FIFRA Sections 2(q)(1)(A) and 12(a)(1)(E). 40 C.F.R. § 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on the product label, claims made as part of the product's sale or distribution may not substantially differ from those claims approved through the registration process under FIFRA Section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the product will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Jamie Millard at (202) 566-2726 or by email at millard.jamie@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Emily Schmid". Below the signature, the initials "E.S.R." are written in a smaller, less legible font.

Emily Schmid, Product Manager 25

KEEP OUT OF REACH OF CHILDREN CAUTION

Use Restrictions

- Apply no more than 25lbs per 5,000 sq. ft. per application, which is equivalent to 2 pound active ingredient atrazine per acre.
Do not apply in such a manner that will contact any person or pet whether directly, or through drift.
Entry Restrictions: Do not enter or allow others (including children or pets) to enter the treated areas (except those involved in the watering) until the watering-in is complete and the surface is dry.

WEEDS CONTROLLED OR SUPPRESSED

Table with 3 columns: Weed Name, Weed Name, Weed Name. Lists various weeds controlled or suppressed by the product.

APPLICATION DIRECTIONS

Apply Sunniland Weeder-Feeder at the rate of 25 lbs per 5,000 sq. ft. Water in after application. A second application in the same year, to the same area at the same rate will give longer weed control and required turfgrass response to the fertilizer.

APPLICATION PROCEDURES

For best results apply before weeds come up. Established weeds are more difficult to control and may require an application in the spring and in the fall. Usually application made between January 1 and March 1 give best weed control; but applications may be made through June.

USE PRECAUTIONS

- Weeder-Feeder must be watered into the turf immediately after application for safety, best weed control, and fertilizer benefit.
Dry bulk fertilizer- Restrict the impregnation of dry bulk commercial fertilizer to 340 tons per worker per day for no more than 30 days per calendar year for use on corn, sorghum, and sod.
Applications made by backpack-spray to landscape turf- Restrict backpack application to landscape turf to spot treatments only.

SPREADER SETTINGS

BROADCAST TYPE SPREADER SETTINGS

FOR ONE PASS APPLICATION: For best results, apply in a circular path starting on the outside and working toward the center. A little overlap (1 to 2 inches) of product will ensure complete coverage for weed control and fertilizer benefit.

25 LBS. PER 5,000 SQ. FT.

Table with 2 columns: Spreader Model, Coverage. Lists models like Scott's Speedy Green and their coverage.

DROP TYPE SPREADER SETTINGS

FOR ONE PASS APPLICATION: First apply 2 border strips along the edge of each end of the lawn. Then apply products along the length of the lawn, overlapping slightly (1 to 2 inches) and shutting off the spreader before turning as you reach the edge of the border strip.

25 LBS. PER 5,000 SQ. FT.

Table with 2 columns: Spreader Model, Coverage. Lists models like Scott's Accugreen Drop and their coverage.

Warranty Statement

Sunniland Corporation warrants that this product conforms to the chemical description on the label and is reasonably fit for the specific purposes referred to in the Directions For Use. To the extent consistent With applicable law, Sunniland Corporation makes no other express or implied warranty of fitness or merchantability nor any other express or implied warranty.
