Subject: Label Notification for Pesticide Registration Notice 2007-4

Dear Dr. McLane,

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated June 20, 2008 for the product Our Best Quality Weed & Feed (EPA Registration Number 9404-55). The Registration Division (RD) has conducted its review of this request for its applicability under PRN 2007-4 and finds that the label changes requested fall within the scope of PRN 2007-4. The label submitted with the application has been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please call me directly at 703-305-6249 or Steve Schaible of my staff at 703-308-9362.

Sincerely,

Linda Arrington

CAUTION

FIRST AID

IF SWALLOWED - Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES - Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice. Have this product container or label with you when calling a poison control center, or doctor, or when going for treatment. You may also call 1-800-858-7378 for emergency medical treatment advice. See side panel for additional Precautionary Statements.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Avoid inhalation or contact with eyes. Wash after handling or using. Keep away from feed or food products.

ENVIRONMENTAL HAZARDS

Atrazine can travel (seep or leach) through soil and can enter ground water which may be used as drinking water. Atrazine has been found in ground water. Users are advised not to apply Atrazine to sand and loamy soils where the water table (ground water) is close to the surface and where these soils are very permeable, i.e. well-drained. Your local agricultural agencies can provide further information on the type of soil in your area and the location of ground water.

This product is toxic to aquatic invertebrates. Do not apply directly to water or wetlands. Runoff and drift from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters. Do not apply on or under ornamental trees, shrubs, bedding plants, flowers or garden plants since injury may result.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in manner inconsistent with its labeling. Not for use on turf being grown for sale or other commercial use, as sod or for commercial seed production, or for research purposes. This product will control both emerged weeds and weeds from seeds. Some moisture is required to activate the herbicide and the fertilizer. For best results, rainfall or watering is necessary within 7 to 10 days after treatment. See General Precautions and restrictions paragraph on this label. 06-10-08.

NET WEIGHT: 30; 50; POUNDS

Product Batch Code Number _____

AMOUNT TO USE

Apply at the rate of, (and no more than), 30 pounds per 5,000 sq.ft. or 50 lbs. per 8,333 sq.ft. of lawn, per application; equal to 2 lbs. of active ingredient Atrazine per acre. Thoroughly Water in after application. A second application, (only 2 per year), may be made, to the same area, at the same rate to give maximum weed control and continued plant food response.

WHEN TO APPLY

For best results apply before weeds come up. Established weeds are more difficult to control and may require an application in the spring and in the fall. Usually application made between January 1 and March 1 give the best control although applications may be made through June 15 with good control of most weeds listed. To control certain winter weeds such as Henbit, Chickweed, Rabbit Tobacco, Florida Betony and Evening Primrose, a fall application will be required.

IMPORTANT USE PRECAUTIONS

DO NOT APPLY THIS PRODUCT ON OR OVER THE ROOT ZONE OF ORNAMENTAL TREES, SHRUBS, BEDDING PLANTS, FLOWERS, OR GARDEN PLANTS BECAUSE INJURY TO THESE PLANTS MAY RESULT.

- Do not apply to lawns containing grasses or mixtures of grasses other than those listed on the label or injury may result.
- Do not apply to newly seeded Zoysia, Centipede, and Carpetgrass lawns until after the new grass has been mowed at least twice.
- Do not plant sprigs for one month, or sow new grass seed for six months following application of this product.
- May be applied to newly sprigged St. Augustine and Zoysia lawns one week after sprigging to prevent competition from germinating weeds.
- Do not plant any crop (flower or vegetable gardens) to treated areas for 18 months or injury may result.
- Apply this product only when grass blades are dry.
- When daytime temperatures are 80°F or above, water sufficiently to rinse particles off the grass blades.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its original container in a dry, cool, secured area. Do not contaminate water, foodstuffs, feed, or seed by storage or disposal. **PRODUCT DISPOSAL**: As a responsible environmental practice, where possible, it is recommended that all of the contents of the bag be used, carefully following label directions and precautions.

IF EMPTY: Nonrefillable bag. Do not reuse or refill this bag. Place in trash or offer for recycling if available. **IF PARTLY FILLED**: Call your local waste agency or 1-800 CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. **SPILL**: In case of spill, sweep up and use as directed or dispose of material according to PRODUCT DISPOSAL directions listed above. 06-10-08.

**(fertilizer analyses for this product may vary to suit the needs of different geographical communities)*

General Precautions and Restrictions For Best Results

- Apply; but no more; than 30 lbs. per 5,000 sq. ft or 50 lbs. per 8,600 sq.ft. per application, which is equivalent to 2 pounds of active ingredient atrazine per acre. A second application, (only 2 per year), may be made to the same area, at the same rate to give maximum weed control and continued plant food response.
- Do not apply in such a manner that will contact any person or pet whether directly, or through drift.
- This product must be watered into the turf immediately after application for safety, best weed control, and fertilizer benefit. Do not enter or allow others, (including children and pets), to enter the treated areas, (except those involved in the watering), until the "watering in" is complete and the surface is dry.
- Do not apply this product by hand. Avoid contact with hands or skin. Broadcast applications must NOT be made using hand-held devices, such as a belly grinder or a handled rotary applicator. Such equipment may only be used for spot treatments. For safety, overall best weed control, and plant food results apply with a suitable, correctly calibrated, broadcast or drop type, granule fertilizer spreader. See Spreader Settings section. 08-10-07.
