

DIRECTIONS: Add one packet to each humidifier reservoir. For humidifiers with a reservoir capacity of 1.5 gallons, add one packet (1.5 oz.) to 7.5 gallons of fresh water. Do not use tap water. This product will quickly dissolve and release its contents into the reservoir and add additional packet if Chemtech Humida-Fresh every 30 days to inhibit the growth of many microbial organisms such as those listed below. Reseal canister after each use. Do not remove packets before use. Do not reuse canister. Destroy and dispose of properly.

- Eliminates stale odors from the air
- **Maintains humidifier efficiency**
- Refreshes recirculating air
- Makes cleaning easier
- Softens water in humidifier
- Inhibits the growth of microorganisms, such as:

Staphylococcus aureus (Staph)
Streptococcus pyogenes (Strep)
Aerobacter aerogenes
Pseudomonas aeruginosa
Bacillus megaterium
Mycobacteria sp.
Aspergillus niger
Penicillium variable

... for a period of up to 30 days.

CHEMTECH HUMIDA-FRESH

- Significantly reduces the number of bacteria in humidifier reservoirs.
- Inhibits the growth of bacteria in humidifier reservoirs.
- Prevents musty humidifier odors
- **Makes indoor air smell fresh**
- For use in home humidifier

DANGER: Keep Out of Reach of Children.

See other precautions on side panel. Store in cool, dry place. Do not handle packets with wet hands.

Net Contents—6 water soluble 1 1/2 oz. packets.
NET WT. 7 1/2 OUNCES

CHEMTECH—a division of
AIRWICK INDUSTRIES, INC.
380 North Street, Teterboro, N. J.

ACTIVE INGREDIENTS:

n-alkyl (20% C ₁₂ , 30% C ₁₃ , 5% C ₁₄ , 5% C ₁₅) dimethyl benzyl ammonium chlorides	7.4%
n-alkyl (20% C ₁₂ , 32% C ₁₃) dimethyl ethylbenzyl ammonium chlorides	7.4%
Tetrasodium ethylene diamine tetracetate	1.0%
Essential oils	2.4%
INERT INGREDIENTS:	81.8%

DANGER: Corrosive — Handle only intact packets. Causes eye damage and severe skin irritation. Do not get loose powder in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Do not open packets; place directly into humidifier tank.

FIRST AID: In case of contact with the loose powder, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed. **E.P.A. Reg. No. 9405-17**

Detergent-Disinfectant

For Household Use

*Eliminates, as it cleans,
germs that cause odors*

To Clean and Disinfect: Use 1½ ounces in a half a pail of warm water (1 gallon) or 4 ounces to 3 gallons of water. Apply solution with cloth, mop or sponge.

Chemtech Detergent Disinfectant kills Staph. Strep, Athletes Foot Fungi and most household germs on environmental surfaces.

To control mold and mildew on hard surfaces, repeat application when new growth occurs.

Cleans floors, walls, kitchen surfaces such as tile, porcelain, formica, enamel, bathrooms, nursery items such as cribs, diaper pails, playpens, garbage cans, automobiles, pet areas.

No hard rubbing or rinsing necessary.

For extra tough cleaning jobs: Use full strength to remove black heel marks, oil, grease, tar, and then rinse. When using at full strength wear rubber gloves.

Rinse empty container with water and discard.

Active Ingredients:

n-Alkyl (60% C ₁₄ , 30% C ₁₆ , 5% C ₁₂ , 5% C ₁₈)	
Dimethyl Benzyl Ammonium Chlorides	2.5%
n-Alkyl (68% C ₁₂ , 32% C ₁₄)	
Dimethyl Ethylbenzyl Ammonium Chlorides	2.5%
Sodium Carbonate	2.2%
Tetrasodium Ethylene Diamine Tetraacetate	1.08%

Inert Ingredients:

91.72%

WARNING: Keep Out of Reach of Children.
