

**Precautionary Statements —  
Hazards to Humans and Domestic Animals**

**DANGER**

Corrosive, may cause severe skin irritation or chemical burns to broken skin. Causes eye damage. May be fatal if swallowed. Avoid breathing vapors. Do not get in eyes, on skin or clothing. Wear goggles or face shield and rubber gloves when handling this product. Wash hands after handling. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent cannot be discharged into lakes, streams, ponds or public waters unless a discharge permit is obtained. For guidance, contact the regional office of the Environmental Protection Agency.

**PHYSICAL AND CHEMICAL HAZARDS**

**STRONG OXIDIZING AGENT:** Mix only with water according to label directions. Mixing this product with gross filth such as feces, urine, etc., or with ammonia, acids, detergents or other chemicals will release hazardous gases, irritating to eyes, lungs and mucous membranes.

**ACCEPTED**

9409-5

APR 01 1981

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for pesticide  
registered under  
FIFRA Act.

#### DIRECTIONS FOR USE

##### GENERAL CLASSIFICATION

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

##### GENERAL CLEANING

Use at the rate of 1 gallon of PRO-CHLOR to 40 gallons of alkaline cleaning solution to help remove soils and stains.

##### SANITIZING

Clean all surfaces thoroughly before sanitizing. Rinse with water. Sanitize with 200 PPM available chlorine (1/2 oz. of PRO-CHLOR per gallon of water) for all non-porous surfaces; for porous surfaces use 800 PPM available chlorine. All surfaces should be exposed to the sanitizing solution for a period of at least two minutes. Food handling equipment treated with solutions stronger than 200 PPM available chlorine must be rinsed with potable water.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage, as necessary, to obtain the required level of available chlorine.

##### STORAGE AND DISPOSAL

Store in a cool, dry area away from direct sunlight. In case of spill, flood area with large quantities of water. Rinse empty container thoroughly with water and either return to manufacturer or discard by placing in trash collection or burying in an approved landfill. Product or rinsate that cannot be used, should be diluted with water, and disposed of in a sanitary sewer. Do not contaminate food or feed by storage, disposal or cleaning of equipment.
