

CHEMTECH DISINFECTANT SPRAY is designed for use in homes, offices, pet care areas, boats, recreational vehicles, motels, hospitals and other areas where odor and bacterial control is desired. Chemtech Spray reduces airborne bacteria, eliminates offensive odors and leaves air smelling fresh and clean. Use on door handles, clean up carts, light switches, hampers, diaper pails, bed pans, toilet seats, shower walls, shower floors, telephones, garbage and waste receptacles, lockers and hard to reach places. **KILLS MOST GERMS** -- On environmental surfaces Chemtech Spray kills Staphylococcus, Streptococcus, Pseudomonas, Mycobacterium tuberculosis, *viruses like: Influenza A₂ (Aichi), Parainfluenza I (Sendai), Vaccinia, Canine Distemper, Feline pneumonitis, Herpes Simplex, as well as Athletes Foot fungi and most disease germs. It provides residual bacteriostatic action against odor causing bacteria if not washed or rubbed off. **CONTROLS MOLD & MILDEW** -- Chemtech Spray controls mold and mildew on hard non-porous surfaces if not washed or rubbed off. **ELIMINATES ODORS AND SANITIZES THE AIR** -- Chemtech Spray is a true odor counteractant that eliminates lingering odors and temporarily reduces the number of airborne bacteria, leaving the air smelling fresh and clean.

DIRECTIONS: TO DISINFECT: Hold container 6-8 inches from the surface. Spray 2-3 seconds or until surface is wet. Avoid using spray on delicate fabrics, lacquered, shellacked or other finished wood surfaces. TO CONTROL MOLD MILDEW: Clean surfaces prior to application. Spray as above. Repeat application in 7 days or as necessary to maintain control. TO SANITIZE AIR: Close doors and windows and spray 20-30 seconds in most average size rooms, moving the spray in a circular arc. TO ELIMINATE ODORS: Spray 1-2 seconds in room as required.

USES

D-S-D is a multi-purpose disinfectant, sanitizer, deodorant, and cleaner. Effective against Staph. Use on urinals, toilet bowls, floors, walls, showers, tubs, kitchen appliances, sinks, utility rooms, and other areas in need of cleaning, deodorizing, and disinfecting.

Use 3-4 oz's of undiluted product in toilet bowl (937-1250 ppm) for sanitizing and disinfecting bowl surfaces. Thoroughly wet all treated surfaces. For general purpose cleaning and disinfecting of recommended surfaces, use 2-oz's per gallon of water (480 ppm) and thoroughly wet surfaces with solution.
