EPA Reg. No.: 9444-09  
Purge 5/24 Insecticide  
EPA Reg. No. 9444-11  
Purge 5/24 Insecticide 200mg  
EPA Reg. No. 9444-14  
Submission: April 27, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

Except for 9444-01, the subject products contain the word "New" in their name. Current EPA policy provides the use of this term only for the first six months ~~on revised formulations~~. Since these products have all been registered beyond this time frame, the continued use of this phrase is not appropriate. Remove "new" from these names.

Use the correct, complete product name on each label. A pesticide is misbranded if it is offered for sale under the name of another pesticide FIFRA Sec. 2(q)(1)(C). You may not use the same name on several different registrations.

Sincerely,

  
Richard F. Mountfort
