

PRECAUTIONARY STATEMENTS

CAUTION:

Hazards to Humans & Domestic Animals: Avoid inhalation of spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush skin with plenty of water. Use in food processing plants should be confined to time periods when the plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Do not remain in treated areas and ventilate before re-occupying. Remove pets and cover fish aquariums before spraying.

Physical or Chemical Hazards: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

For use in: homes, hotels, motels, restaurants, dairies, barns, offices, food processing plants, warehouses, boxcars, trucks, ships, planes.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in a cool dry place away from heat or open flame. **DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.

Use at least 1 container for each 9,000 cubic feet of unobstructed space. Use additional units for remote rooms where mist will not flow freely. Place can on table or stand. Place newspaper under container to prevent marring of surface. This product may affect some plastics. Cover or remove plastic items such as plastic furniture, stereo covers and components, notion boxes, eye glasses, etc.

Close doors and windows. Open cabinets and closets. Shut off fans and air conditioners. Put out all open flames except pilot lights. Place can at least 6 feet from pilot lights. Keep at arms length when releasing. Point valve opening away from face and eyes. Press tab of actuator down until it locks. Leave the building at once. Leave undisturbed for at least 30 minutes. Ventilate area before re-entering. Repeat treatment as necessary.

Authorized for use under USDA Inspection & Grading Programs.
