ACCEPTED

DEC 05 1991

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under
EPA Reg. No. 9444-33

purge™ III
INDUSTRIAL TYPE
INSECT KILLER

LASTS APPROXIMATELY 32 DAYS

ACTIVE INGREDIENTS:

Pyrethrins	0.975%
* Piperonyl Butoxide, Technical	1.950%
N-octyl bicycloheptene dicarboximide	3.210%
INERT INGREDIENTS	93.865%
	100.000%

* Equivalent to 1.56% (butylcarbityl)(6-propylpiperonyl) ether and 0.39% related compounds.

CONTAINS PETROLEUM DISTILLATES
KEEP OUT OF REACH OF CHILDREN

CAUTION

See Back Panel for Additional Precautionary Statements.
EPA Reg. No. 9444-33 EPA Est. No. 9444-LA-1

NET WEIGHT 6.25 oz / 177 g

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product contains a highly effective insecticide designed especially for use in automatic dispensers. The dispenser activates the 52mg metered valve every 15 minutes. Usually the effectiveness of this product will be noticeable within one hour after the Dispenser is activated. If less than 24 hour control is required, the Dispenser should be set to start one hour before control is desired and run one hour after control is no longer needed. Keep in mind that such factors as air flow rate, size of space treated, humidity and room temperature all affect insect activity and control. Therefore, one unit per 6,000 cubic feet should be considered as an average need with adjustments made depending on specific conditions at place of usage. As with any method of insect control, best results are achieved when sanitation and other positive insect-prevention practices are followed.

KILLS: Flies, Mosquitoes, Gnats and Small Flying Moths.

FOR USE IN Food handling and food preparation areas of restaurants and food processing plants, and in stores, farms, dairies, barns, kennels, factories, schools, hotels, motels, offices, ships, planes, supermarkets, food warehouses, bottling plants, hospitals, nursing homes, day care centers, milk and egg handling areas of dairies and chicken houses.

Authorized for use under USDA Inspection and Grading Programs.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION

Do not use in nurseries or rooms where infants, ill or aged persons are confined. Do not install directly above or within 12 feet of any food handling or dispensing area.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. Do not induce vomiting. Vomiting may cause aspiration pneumonia.

If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If on Skin: Remove contaminated clothing and wash affected areas with soap and water. Get medical attention if irritation persists.

If in Eyes: Flush eyes with plenty of water. Get medical attention if irritation persists.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not allow spray to contact plastic, painted or varnished surfaces.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store in a cool, dry area away from heat or open flame.
DISPOSAL: Do not reuse empty container. Replace cap, wrap empty container in newspaper and discard in trash. Do not puncture or incinerate.
