 down and kill. With the 360°  
 valve.**

EPA REG. NO. 9444-41-AA  
 EPA EST. NO. 9444-CA-2

**Caution:** KEEP OUT OF REACH OF CHILDREN  
 Read additional precautions on back label.  
**Net Weight 2.25 Lbs.**

**DIRECTIONS FOR USE:  
 USE INDOORS ONLY**

**Flying Insects:** Flies, mosquitoes, small flying moths, wasps, gnats.

Calculate cubic feet of space to be treated. Close all doors and windows. Spray in a sweeping motion on all parts of the room. Apply for 2-3 seconds per 1000 cubic feet of space. Do not remain in treated areas. Vacate premises for at least 15 minutes after spraying. Ventilate the area after treatment is completed and before re-entering. Remove pets, birds and cover fish aquariums before spraying. Foods should be removed or covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when facility is not in operation. Sweep up and destroy fallen insects. Repeat treatment as necessary.

**Crawling Insects:** Roaches, ants, spiders, silverfish. Calculate square feet of floor area to be treated. Open all cabinets, storage areas, closets. Spray directly on insects or in cracks and crevices, where insects hide.

**For roaches:** For best results, spray directly on roaches and thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces, under sinks, behind stoves and refrigerators, food storage areas, and wherever these pests are suspected of hiding. Also spray around door and window frames. Repeat as necessary.

**For spiders and silverfish:** For control of these insects, frequent and repeated spraying of baseboards, windows, door frames, bookcases, and storage areas should be made. For adequate control, spray directly on insects.

**For crickets:** Spray thoroughly and frequently behind stoves, refrigerators, under cabinets, in food storage areas, and especially in closets, basements, and other damp areas. For best results, spray directly on insects.

**For ants:** Spray ant trails, nests and points of entry. For initial clean-up apply for 10-15 seconds per 100 square feet of floor area. Then periodically spray as a space aerosol 3-5 seconds per 100 cubic feet of space.

**WARNING:**  
**KEEP OUT OF REACH OF CHILDREN**  
 Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F. may cause bursting. Never throw container into fire or incinerator. Avoid breathing spray. Avoid contact with the skin.
