-2-

For EPA Registration No. 9444-70, please explain the restriction for use against certain insects listed in California.

Although we are approving the revised copy under EPA Registration No. 9444-69, we suggest that you not alter text and resubmit showing a prior approval stamp.

Sincerely yours,

PHM

Enclosure

Bug Boss

FLYING INSECT KILLER

Kills: Houseflies, Deer Flies, H
Blow Flies, Mosquitos, Gnats, Small
Wasps, Hornets, Yellowjackets. Also c
Roaches, Spiders, Earwigs, Waterb

NO ODOR
KIND TO THE NOSE
DEADLY TO BUGS

ACTIVE INGREDIENTS:
† Resmethrin [5(phenylmethyl)-3-(urany)
methyl 2,2-dimethyl-3-(2-methyl-1-propenyl)
cyclopropane carboxylate
Related compounds

INERT INGREDIENTS

*Cis/trans isomer ratio: max. 30% (±) cis
trans.
†U.S. Patent No. 3,463,007

E.P.A. Reg. No. 9444-65 E.P.A.

CAUTION:

KEEP OUT OF REACH OF CH
(See additional precautionary statements)

Net Weight 12 oz. (340g)

ACCEPTED
JAN 31 1991
Under the Federal Insecticide, Fungicide and
Rodenticide Act, as amended, for the
Pesticide registered under
EPA Reg. No. 9444-65

PRECAUTIONARY STATEMENTS CAUTION

Hazards to Humans & Domestic Animals: Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists.
Do not apply directly to food. In homes, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Foods should be covered or removed during treatment.
Do not remain in treated areas and ventilate the area after treatment is completed.
Remove pets, birds and cover fish aquariums before spraying.
Physical or Chemical Hazards: Contents under pressure. Do not puncture. Do not use or store near heat or flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store in a cool, dry place away from heat or open flame.
DISPOSAL: Do not reuse empty container. Replace cap, wrap container and put in trash collection. Do not incinerate or puncture.

FOR HOME USE

Shake well before using. Remove protective cap, point valve opening away from face.
INDOORS: Kills houseflies, mosquitos and gnats. Close all doors and windows. Point nozzle upward. Direct spray mist to all parts of the room, especially windows and other light sources which attract these insects. Fill the room with mist, then leave the treated areas. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.
OUTDOORS: Reduce mosquitos, gnats (midgits), houseflies, deerflies, horse flies and flying moths (millers) by spraying their resting areas. Follow precautions listed below. Hold container 18 to 24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of from 1 to 3 seconds per cubic yard of space, while moving away from the treated areas. To reduce annoyance from these flying insects, treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.
CRAWLING INSECTS: Roaches, earwigs and spiders. Spray thoroughly into hiding places such as cracks, crevices, moist areas, opening around pipes and sinks, under refrigerators, baseboards and storage areas. Spray directly on insects where possible.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
