

ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (TS-767)
WASHINGTON, DC 20460

EPA REGISTRATION NO. 9444-109	DATE OF ISSUANCE SEP 30 1985
TERM OF ISSUANCE	
NAME OF PESTICIDE PRODUCT Purge Drione Pressurized Spray	

NOTICE OF PESTICIDE: REGISTRATION
 REREГИSTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Cline-Buchner, Inc.
16317 Pluma Avenue
Cerritos, CA 90701

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 9444-109."
 - b. Correct the spelling of "food" in the first paragraph and sixth line under your "Precautionary" heading.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
DANGER

Causes eye damage. Wear goggles or safety glasses when applying. Do not get in eyes or on clothing. Wash thoroughly with soap and water after handling and before smoking or eating. Avoid contamination of food and foodstuffs. Do not use in serving areas while foo is exposed.

When prolonged exposure to spray mist occurs, wear a pesticide dust respirator jointly approved by the Mining Enforcement & Safety Administration (formerly U.S. Bureau of Mines) and by the National Institute of Occupational Safety and Health under the provisions of 30 CFR Part II.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES - Flush eyes with plenty of water. Get medical attention.

IF SWALLOWED - Call a physician or Poison Control Center immediately. Gastric lavage may be indicated if material was taken internally. **DO NOT INDUCE VOMITING.** Vomiting may cause aspiration pneumonia.

IF INHALED - Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN - Remove contaminated clothing and wash affected areas with soap and water.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Do not spray on plants. Do not spray on painted, plastic or varnished surfaces. Do not spray directly into any electronic equipment such as radios, televisions, computers or into outlets or switches where powdery residue may foul or short electric contacts and circuits.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

KEEP OUT OF REACH OF CHILDREN
DANGER

Harmful if swallowed. Causes eye irritation. See panel for Statement of Practical Precautions and additional precautions.

Net Weight 18 oz./510 g

STORAGE & DISPOSAL

Do not contaminate water, food or food by storage or disposal.

Store in a cool dry area away from heat or open flame. Do not reuse empty container. Wrap container and put in trash collection.

SHAKE WELL BEFORE AND AT INTERVALS DURING USE.

Before storing after use, invert container and spray until only air comes out to clear valve and spray nozzle.

Do not use as a space spray. FOOD AREA APPLICATION LIMITED TO CRACK & CREVICE TREATMENT ONLY. Includes areas for receiving, storage, packing (canning, bottling, wrapping boxing) preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food in exposed and facility in operation) also would be considered a food area.

In food handling establishments, use only when facility not in operation. APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD-HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK & CREVICE TREATMENT ARE NOT PERMITTED.

Apply in small amounts directly into cracks and crevices using injection nozzle provided in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where insects hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

INDOORS. To control roaches, crickets, beetles, spiders, earwigs, sowbugs, millipedes, centipedes. Spray into hiding places such as cracks & crevices, moist areas, openings around pipes and sinks, under refrigerators, behind baseboards, coffee makers, in dark storage areas and all other areas where these pests are found. Spray directly on insects in these locations where possible. Repeat as necessary.

Silverfish, firebrats, booklice: Spray crack & crevices in baseboards, door frames, bookcases, and storage areas. Spray directly on insects in these locations where possible. Repeat as necessary.

Ants: Locate ant colonies and spray 5-10 sec. directly into nest. Spray into trails and point of entry around doors, windows, structural cracks and crevices. Spray directly on ants in these locations where possible. Repeat as necessary.

Fleas, Ticks & Lice in Animal Quarters: Treat bedding, floor and floor coverings and all areas where pests may hide at the rate of one-second spray per square foot. Treat cracks and crevices behind moldings, shelving, baseboards pipe openings and all other cracks at the rate of 1 second spray per linear foot. If left undisturbed, this product will continue to kill these pests for several weeks. Repeat application as needed.

Bedbugs: Take bed apart and treat cracks, joint and interior of framework. Mattresses and box springs should be treated, especially tufts, folds and edges. Picture frames, moldings, and all cracks and crevices in the room should also be treated. Do not use in hospital patient quarters.

Powder Post Beetles: Treat infested wood using injection nozzle. Apply small amounts directly into and around entrance holes. Treatment in wall void areas, false ceilings, equipment voids, attics, crawl spaces and man holes where human contact with treated area will be minimal: Spray exposed stages of roach, earwigs, crickets, silverfish, ants, beetles by calculating surface area and treat at a rate of 1 second per square foot. Spray by inserting injection nozzle tip into crack or crevice, hole or other small opening into void space. Repeat as necessary.

OUTDOORS. To control roaches, sowbugs, centipedes, crickets, millipedes, earwigs, spiders, ground beetles, and ants. Clean up debris around premises. Spray into cracks around doors, windows, under siding at foundation level, beneath guards on loading docks, into cracks in foundations and floors and in all other places where these pests may enter building. Repeat application as necessary.
