Mr. Ruben Mendoza
Waterbury Companies, Incorporated
P.O. Box 640
100 Calhoun Street
Independence, LA 70443

Dear Mr. Mendoza:

Subject: Additional Use Sites; Reformulation
Mop Up
EPA Registration Number 9444-132
Submission dated June 22, 1993 *August 27, 1993*

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Three (3) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the product label is enclosed for your records.

1. Submit an appropriately signed and dated Certification With Respect To Citation Of Data Statement to support the additional use sites which have been added to the label.

2. Regarding the proposed labeling, the following revisions are required:

a. Add the subheading **APPLICATION WITHIN FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS** in the directions for use area of the label.

b. The following text should directly follow the subheading provided above:

FOOD HANDLING ESTABLISHMENTS: Places other than private residences in which exposed food is held, processed, prepared, or served.

FOOD AREAS: Application limited to crack and crevice treatment only. Food areas include areas of receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage, enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation also would be considered a food area).

SERVING AREAS: Facilities where prepared foods are served, such as dining rooms, but excluding areas where food may be prepared or held. Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by foods. Do not apply when facility is in operation or foods are exposed

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

3. A Warranty Statement should be added to the label text.

The revised basic formulation, deleting the blue dye is acceptable and has been included in the record for this product. It is understood that the addition of the blue dye to the product formulation is no longer acceptable under this product registration.

Sincerely,

Mr. Adam Heyward
Acting Product Manager 10
Insecticide-Rodenticide Branch
Registration Division

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Wash hands thoroughly after handling. May cause eye irritation. Avoid eye contact.

STATEMENT OF PRACTICAL TREATMENT

Immediately contact physician or Poison Control Center if swallowed. If eye contact occurs, flush eyes with plenty of water. Get medical attention if irritation persists.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR APPLYING AS A MOP SOLUTION

USE RESTRICTIONS—Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs. In edible product areas of food handling establishments, apply to floor areas only. Any powder visible after application must be brushed into cracks and crevices or removed. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces. Do not apply when facility is in operation or foods are exposed.

Mixing and Application Directions—Add 1 cup of powder to each gallon of rinse water. Apply to floor areas only. Make only enough for each application. Supplemental treatment only. Reapply as necessary. Avoid treating surfaces likely to be contacted by food.

NET WEIGHT 25 lbs

This product contains a heat-treated form of boric acid more water soluble than other borate products. This product is a fine, non-staining, odorless powder that will help control cockroaches and should be used in conjunction with a residual boric acid product for your regular exterminating service.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in a dry place. Do not store where children can gain access.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product should be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty container into a sanitary landfill or, if allowed by state and local authorities, by burning. Do not burn in open air.
