DIRECTIONS FOR APPLYING AS A MOP SOLUTION

USE RESTRICTIONS-Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. When applying the product, keep children and pets out of the area until solution has dried. Any powder visible after application must be brushed into cracks and crevices or removed before reentry. Avoid contamination of feed and foodstuffs. In edible product areas of food handling establishments, apply to floor areas only. Avoid contamination of food processing surfaces. Do not apply when facility is in operation or foods are

APPLICATION WITHIN FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS

FOOD HANDLING ESTABLISHMENTS: Places other than private residences in which exposed food is held, processed, prepared, or served.

FCOD AREAS: Food areas include areas of receiving, storage, packing (canning, bottling, wrapping, boxing), orepaind, edible waste storage, enclosed processing systems (mills, dairics, adible oils, syrups) and serving areas (when food is exposed and facility is in operation also would be considered a food area). Apply by mopping onto floor surfaces. Any powder visible after application must be brushed into crack and crevices or removed.

NET WEIGHT 25 lbs/11.3 kg

SERVING AREAS: Facilities where prepared foods are served, such as dining rooms. but excluding areas where food may be prepared or held. Apply by mopping onto floor surfaces. Any powder visible after application must be brushed into crack and crevices or removed from selective surfaces such as baseboards and under elements of construction. Avoid treating surfaces likely to be contacted by food. Do not apply when facility is in operation or foods are exposed.

APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS MUST BE BRUSHED INTO CRACK AND CREVICES OR REMOVED IF ANY POWDER IS VISIBLE AFTER APPLICA-TION OF MOP UP SOLUTION ONTO FLOOR SURFACES.

MIXING AND APPLICATION DIRECTIONS- Add 1 cup of powder to each gallon of rinse water. Apply to floor areas only. Make only enough for each application. Supplemental treatment only. Reapply as necessary. Avoid treating surfaces likely to be contacted by

This product contains a heat-treated form of boric acid which is substantially more water soluble than other borate products. This product is a non-flammable, non-staining, odorless powder that will help control cockroach infestations and should be used in conjunction with a residual boric acid powder, or with your regular exterminating service.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a dry place. Do not store where children or animals may gain access. PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed

of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty container into application equipment.

Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning, if burned, stay out of smoke.
