**PRECAUTIONARY STATEMENTS**  
**Hazards To Humans & Domestic Animals**  
**CAUTION**

Do not use in nurseries or rooms where infants, ill or aged persons are confined. Use 12 feet or more from exposed food or food handling or dispensing surfaces.

[For Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

**FIRST AID**

**If Swallowed:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**HOT LINE NUMBER-** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call (985) 878-6751, Monday through Friday, 8:00 am to 4:30 pm CST. After 4:30pm call your poison control center. For product information call (203) 597-1812, Monday-Friday, 8:00 am to 5:00 pm EST.

**NOTE TO PHYSICIAN-** Contains petroleum distillate - vomiting may cause aspiration pneumonia.

[For Reviewer: Note to Physician- will be used for formulations containing ≥10% petroleum distillates]

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**FOR USE IN** Food service and preparation areas, food processing plants, restaurants, clubs, stores, supermarkets, bottling plants, warehouses, buildings, factories, offices, laboratories, lavatories, ships, planes (cargo areas), hotels, motels, hospitals, nursing homes, schools, day-care centers, funeral homes, kennels, farms, barns, stall, stables, dairies, milk and egg handling areas of dairies and chicken houses.

This product is engineered for use in automatic metered dispensers. The dispenser automatically activates the special metered valve every 15 and/or 30 and/or 45 minutes. Within 24 hours the area is relatively free of flies, mosquitoes, gnats, and small flying moths and with continued use reduces annoyance from them. Effectiveness of this product will be noticeable within one hour after the Dispenser is activated. Recommended use is for 24 hours: but if less than 24 hour use is required, the Dispenser should be set to start one hour before control is desired and run one hour after control is no longer needed. Factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and control. Therefore, one unit per 6,000 cubic feet of unobstructed space should be considered as an average with adjustments made depending on specific conditions at usage site. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed.

Do not use in aircraft cabins. It is suggested that the container be changed once a month.

**OPERATION:** Remove protective cap from top of can and insert can in dispenser. Suspend dispenser 7 feet from the floor and at a point where wind flow will carry the particles throughout the room.

Authorized for use under USDA Inspection and Grading Programs.

**STORAGE & DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Do not store near heat or open flame. Store in cool dry area away from children.

**DISPOSAL:** Do not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1800-CLEANUP for disposal instructions.

[For Reviewer: The Steel graphics symbol is optional if label space allows it.]

**ATTN: Sherada Hobgood**

**RE: Time Mist Metered Insecticide, EPA Reg. No. 9444-137  
Notification per PR Notice 98-10**

Dear Ms. Hobgood:

By notification, we are adding the optional marketing claims "Contains Maximum Strength 1.76% Pyrethrins", "Maximum Strength Formula" and "Ultimate Equine Protection", as well as the additional use site "stall" to the label.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Attached are EPA Form 8570-1 and a copy of the label with the revisions highlighted in yellow. Also enclosed is a self-addressed, stamped postcard so that we may obtain notice when the Agency has processed this notification.

Please contact me at (985) 878-6751 Ext. 210 or [crohner@watco.com](mailto:crohner@watco.com) if additional information is needed to expedite this notification request.

Sincerely,

Cynthia L. Rohner  
Registration Specialist
